NO FREE LIST FOR MEATS AND FLOUR

Will Not Be Free Listed If Recommendation Is Accepted

AN IMPORTANT ALTERATION

To Perfect Underwood Bill by Equalizing Raw Materials and Their Products—Protests Filed. Amendments Urged.

Washington, June 2,—Meats and flour will not go on the free list in the Democratic tariff law if recommendation of the Senate Finance subcommittee in charge of the agricultural schedule is acepted. This important alteration of the Underwood bill as it passed the House, was determined upon today by the sub-committee composed of Senators Williams, Shively and Gore. It was decided, in carrying out the determination to perfect the Underwood bill by equalizing raw material and their products, that it would be wiser to levy nominal duties on meats and flour products than to put live stock and grain on the free list.

In accordance with this decision the sub-committee took from the free list fresh meats, beef, mutton and pork—and made them dutiable at 10 per cent. ad valorem. Wheat flour was restored to the dutiable list at the specific rates of 45 cents a barrel with other wheat products at 10 per cent. ad valorem and the Underwood duty on oats was reduced 10 per cent. per bushel to six cents per bushel with a compensatory duty on oat meal and to be approximately 5 per cent. ad valorem.

This rate on oat meal was not definitely determined, but it is assured that the recommendation will be to take oat meal from the free list. Cattle, sheep and hogs will be left as they are in the proposed bill, dutiable at 10 per cent. ad valorem and the Underwood duty of 10 cents a bushel on wheat will stand.

To Make Recommendations.

These recommendations will be made to the Finance committee late this week or early next week, and the Senators who proposed the change believe it will have the approval of the majority members and also of the Democratic caucus.

Soon after the passage of the Underwood bill by the House there were many protests against differentiating between raw materials and their products and it was one of the first features to be taken up with the Senate leaders and President Wilson.

Several weeks ago the committee determined to equalize these rates one way or another, and a few days ago President Wilson was consulted about the matter by Senator Simmons, chairman of the Finance committee, and Senator Williams.

Another development today was the approval, without change of the sugar schedule as it passed the House; and other schedules advanced to varying stages of completion in the sub-committees. It also was announced by Senator Shively that, in his opinion, the tariff bill as it goes to the Senate committee will be a lower bill in the aggregate than the Underwood bill.

A Protest Filed.

A protest filed today by the American Live Stock Association said in part:

"The result of the free admission of meats from other surplus countries would be, first of all, to discourage the live stock business and if the prices were forced to the level of Argentina beef or Australian mutton, the business would be so unprofitable that this country would soon cease to produce its own meat."

Armour, Swift and Morris have large plants in Argentina, the protest asserted, and handle 39 per cent. of the export trade of South America. Two of these firms are building large plants in Uruguay. Swift & Co., is building a plant in Brisbane, Queensland. There are three plants in Canada operated by the same American packers.

"The proposition that to place meat on the free list would result in curbing the so-called beef trust is preposterous," the petition continued. "Whatever control American packers have over prices in this country would be increased instead of lessened by free meats.

"The capacity of the United States for the production of live stock has not been reported. The present output could probably be doubled. Remunerative prices will bring this about. Unprofitable prices will result in a decreased production.

"We are in favor of an equal duty on all meat and live stock and that duty should not be less than 15 per cent. ad valorem in order to be fair and equitable to the live stock and farming interests of this country."

Protesting against the unequal treatment of wheat and flour in the Underwood bill, millers of St. Louis presented a petition to the Finance committee. "This," they said, "is not protection for the producer, but it is against and a serious handicap imposed by the government of the United States against the mills of our own country. We submit that such a policy is indefensible. We urge that the flour duty be reduced relative the same as wheat duty and imposed against all countries."

Resolutions by the Chicago Board of Trade urged an amendment of the bill to "provide for a duty of ten cents per bushel of wheat and rye and an equivalent duty on the products of wheat and rye on all importations."

Buffalo cereal manufacturers petitioning against free oatmeal and dutiable oats, stated that the largest manufacturer of rolled oats in the United States has two large mills in Canada. They urged that oats be placed on the free list.

UNIVERSITY FINALS AT CHAPEL HILL

Confederacy Unveil[illegible]ent to the Soldiers of Sixties

GOVERNOR CRAIG A SPEAKER

Senior Class Day Exercises an Interesting Ceremony—Annual Banquet of Literary Societies. Speakers Present.

(Special Star Telegram.)

Chapel Hill, N. C., June 2.—Today was class day at the University. The graduating class gathered for the last time as undergraduate students beneath the old Davie popular, smoked its pipe of peace, heard its statistics, its history, its prophecy and its last will and testament read, and later marched to the old well to take its farewell drink.

The class exercises began at 11 o'clock this morning in Gerard Hall. President Walter Stokes, of the graduating class, made his farewell address; Marshall Spears read the class history, and John Busbee presented the class gift to the University, $2,000 to be spent on the improvement of the athletic field. The morning class exercises were then turned over to President Venable, who conducted the annual contest for the Wiley P. Mangum medal.

To be the winner of this medal has been for years the most sought for honor in college. The four contestants were John Burby, Guy Phillips, Hubert Petteway and Grady Harry. The winner of the medal will be announced Wednesday morning, when the graduating seniors receive their diplomas in Memorial Hall.

The crowning feature of the day was the exercises attending the unveiling of the handsome bronze Confederate monument recently erected by the North Carolina division of the Daughters of the Confederacy with the aid of the University alumni. The exercises began in Gerard Hall at 3:30 P. M. Governor Locke Craig introduced by Major Henry A. London, delivered an oration on the heroism and sacrifice that marked the action of those students of the University of the early 60's, who laid aside their books to take up arms in behalf of their State and country. Following Governor Craig came Mrs. Marshall Williams, of Faison, president of North Carolina division of United Daughters of the Confederacy. Mrs. Williams made a splendid address, frequently referring to the part the Daughters played in the erection of a fitting memorial to the soldier students. The monument was appropriately presented by Mrs. Henry Armond London, chairman of the monument committee. President Venable accepted the monument in behalf of the University. Then Gen. Julian S. Carr resplendent in full military uniform, made a speech in behalf of the student veterans.

After the speeches in Gerrard Hall, about 1,000 people, a scale of people ranging from old veterans to school tots, marched by military music to the monument situated at the northern entrance of the campus where the unveiling occurred. The unveiling ribbons were pulled by Mrs. Williams, Mrs. London, Mrs. C. W. Tillett, Mrs. S. McNider, Mrs. R. S. McRae, Miss Julia Alexander and Mrs. James Kenan, of Wilmington, who originated the monument movement.

Immediately following the unveiling the crowd and the Senior class marched across the campus to the old Davie popular. Here the class day exercises were concluded with the reading of the class statistics by Daniel Walker, the prophecy by Lowry Axley, the last will and testament by Arnold McKay, and the smoking of the pipe of peace by all the Seniors.

The Senior Order of the Golden Fleece took this opportunity to place its pledge ribbons on ten men elected annually from the incoming senior class.

Among the speakers tonight at the annual inter-society banquet of the literary societies were Hon. Hannis Taylor, of Washington, D. C., and Hon. J. J. Parker, of New York City.

Gov. Craig's Address

Chapel Hill, N. C., June 2.—Those students who left the University of North Carolina during the War Between the States, were memoralized today when Governor Locke Craig presented for the State the monument erected in their honor.

Governor Craig described the entrance of Sherman's army and the prayer meetings held for protection by the desolate families, who had sent their sons to war never to return. "The University was consumed by the war," he said, "only one member of the class of 1865 graduating."

He said that every member, 84 of the 1860 class, went to the army without conscription, and that more than a fourth of the graduates of the war period died in battle. Describing the bronze statue, he said a new "generation will read its meaning and we dedicate the monument today as a covenant that we, too, will do our tasks with courage and fidelity."

Few students were buried in the University cemetery, but 400 are commemorated by this monument unveiled today.

Washington, June 2.—Protection for foreigners who exhibit registered models, patterns and designs at the Panama-Pacific exposition was proposed in a bill introduced today by Senator Perkins. The United States has no law for the registration of such articles.

Washington, June 2.—Senator Tillman's bill authorized the Secretary of the Navy to commission academy graduates to the staff corps of the navy, or to the marine corps was passed today by the Senate.

ON TRAIL OF THE "INSIDIOUS LOBBY"

Senators Tell Their Stories from the Witness Chair

SUB-COMMITTEE INVESTIGATES

Senators Deny Knowledge of the Existence of a Lobby to Improperly Influence Tariff or Other Legislation.

Washington, June 2.—The Senate struck out boldly today on the trail of the "insidious lobby" which President Wilson declared is operating to modify the tariff bill. At the rate of four Senators an hour, the colleagues of the five men on the investigating sub-committee stepped to the witness chair, took the oath and then told their stories of Senatorial wealth, or poverty or moderate circumstances of business, and professional connections, and of their interest or lack of interest in the tariff measures.

Suspicion that the trail might prove a winding one, with many a strange turning brought out a good sized crowd that listened intently to these tales from Senatorial life. As Senator after Senator denied knowledge of the existence of an organized lobby, declared that improper influences had not been exerted upon him and that money to influence legislation never had been exerted upon him and that money to influence legislation never had appeared upon the Congressional horizon at the present session the crowd lost its appetite and slowly thinned out. Spectators who looked for sensations went away empty handed.

Senators who had served in Congress for many years repeatedly testified during the all day session that they believed there was less personal appeal to members of the two Houses now than at any tariff revision of recent years. Nearly a dozen and a half Senators had been examined before the end of tonight's session and while they disclosed freely their personal business affairs and the extent of their property investments the committee found no evidences of the use of Senatorial or outside influence to improperly effect tariff legislation.

The majority of the Senators declared they did not consider men who legitimately appear to present arguments to Congress as lobbyists. Both Democratic and Republican Senators expressed the opinion that the "interested parties" had the right to present their cases either to individual Senators or to committees of either House.

Names of a scure or more men who have appeared to protest against a cut in sugar, wool, lead, meat, flour and similar duties, were given by different Senators, but the only one referred to as a "lobbyist" was a man named McMurray, whom Senator Ashurst said he believed had attempted to influence action in favor of the approval of certain Indian contracts in which he was interested. All Senators who testified today declared they had no interest in any business in any way affected by legislation now or previously before Congress.

When the hearing opened some newspaper photographer ordered the committee members around in a business-like way, while a picture was taken. Senators Bacon and Ashurst moved aside.

"I don't care to get into such a picture," said Senator Bacon.

Senator Ashurst testified he was not interested directly or indirectly financially in the production, manufacture or sale of an article mentioned in the tariff bill or any other bill pending before Congress, nor had he sought to influence any other Senator.

Mr. McClure, representing Western sheep men, and a Mr. Tomlinson, representing cattle, Senator Ashurst said called upon him.

"Nothing improper was said to me by these men and what they did every American citizen has a right to do—talk to their Senator about their business affairs," said he. No one, he declared, had tried improperly to influence his action.

Senator Ashurst said he did believe, however, that "a man named McMurray" had been attempting to influence improperly the action of Senators with respect to preventing the cancellation of certain contracts he (McMurray) held with Cherokee Indians for the sale of land whereby he would receive $3,500,000.

"He is the smoothest lobbyist I have ever seen," added the Senator.

"He could carry a bundle of eels upstairs without dropping a single one."

Senator Bacon, who followed Ashurst, said that "out of an abundance of caution," he wanted to tell the committee that he owned a small farm in Georgia on which some articles might be raised that were affected by the tariff. A sewer pipe factory, a street railway, a gas company and and electric company were other industries in which Senator Bacon said he had some interest.

"I don't believe any of them are affected by any of this legislation," he said. "I am sure I want no duty on sewer pipe."

Senator Bankhead was called but didn't respond. Senator Borah took the stand.

"No," was his answer to all questions as to whether he was interested in any industry or represented professionally any industry affected by the tariff.

"I retired from my profession when I entered the Senate," he said. The Senator was a lawyer.

Senator Borah said no one had attempted improperly to influence him and he had no knowledge of the use of money.

Senator Bryan testified that he was financially interested in that he invest-

(Continued on Page Eight.)

THE EXTRA SESSION TO BE RESTRICTED

Tariff Bill Will Be Paramount Issue for Discussion

HOUSE DEMOCRATS CAUCUS

Legislative Programme Includes Tariff, Currency, Emergency Appropriations—Committee Assignments Considered.

Washington, June 2.—House Democrats in caucus today restricted the legislative programme of the extra session to the tariff, currency, emergency appropriations, election cases. Committee assignments as submitted by Chairman Underwood and his colleagues of the Ways and Means committee majority, were adopted by the caucus without change.

The programme as presented by Representative Underwood was made binding on Democratic members of the House standing committee. The resolution by which this was accomplished provided that no standing committees—except the committee on Ways and Means, Appropriations, Banking and Currency, Elections, Printing, Accounts and Rules—shall report bills or resolutions to the House or have them placed on the calendar, without permission expressly granted by the Democratic caucus. The caucus chose Representative Shackleford, of Missouri, for chairman of the new committee on Good Roads, and named Representative Dickinson, of Missouri, to succeed him as a member of the Ways and Means committee.

While the committee list was under consideration, Representatives Boehr, of Missouri, and Tribble, of Georgia, complained that Representative Maher, of New York, and Hensley, of Missouri had been "jumped" to make room for Representative Lewis, of Maryland, as chairman of the Committee on Labor. Mr. Lewis was ranked by the other two members of the committee in the last Congress. Representative Tribble said if organized labor was to dictate the selection of a chairman of the House Committee on Labor, he would like to know why bankers should not dictate the chairmanship of the Banking and Currency Committee, farmers the Agricultural committee, and so on.

The caucus gave Representative Lloyd, of Missouri, a silver loving cup in appreciation of his services as chairman of the Democratic Congressional committee. Representative Palmer presenting the cup eulogized Mr. Lloyd's management of various campaigns.

EMINENT WRITER DEAD.

British Poet Laureate Passes at Advanced Age.

London, June 2.—Alfred Austin, British poet laureate, since 1896, died today at the age of 77.

Alfred Austin, besides being a poet, was a barrister, a critic, a novelist, a war correspondent and a political writer. He published his first poem anonymously at the age of 18, before he had taken his degree at London University.

His writings were very patriotic. In one poem of recent date he called attention to the unpreparedness of the British army for war, and in another he eulogized the achievements of the British navy. He met many of the prominent Americans who visited England, among them Theodore Roosevelt and Mark Twain. In 1911 he issued his autobiography.

The greater part of his poetical work was published between the years 1881 and 1890, including "Savonarola," "Prince Lucifer," and "English Lyrics."

CHURCH OFFICERS NAMED

Frederick Dixon Made President of First Church of Christ, Scientist

Boston, Mass., June 2.—Frederick Dixon, of London, was made president of the First Church of Christ, Scientist, at the annual meeting today. John V. Dittemore, of Brookline, was named for clerk, and Adam H. Dickey, of the same city, for treasurer.

The report of the clerk showed that 102 new churches had been organized during the year.

The financial condition of the church was reported as flourishing.

OUTLINES

Alfred Austin, British poet laureate, died yesterday at the age of 77.

Five hundred school girls of Cleveland, Ohio, have begun the study of infant hygiene.

Japan has accepted in principle the proposed plan advanced by the United States for universal peace.

House Democrats in caucus yesterday restricted the legislative programme of the extra session to tariff, currency, emergency appropriations and election cases.

If the recommendation of the Senate Finance sub-committee is accepted meats and flour will not go on the free list in the Democratic tariff law.

The lobby investigating committee of the Senate began open hearings yesterday. The Finance sub-committees continued work on the tariff schedules.

Senator Ransdell of Louisiana, in a speech before the Senate yesterday attacked the free sugar schedule of the tariff bill, and declared that "the pledge of the Baltimore platform not to destroy legitimate industry" was being violated.

New York markets: Money on call firmer, 2 1-2 to 3 per cent, ruling rate 3, closing bid 2 3-4, offered at 2 7-8. Time loans steady 60 days 3 3-4 to 4 per cent, 90 days 4, 6 months 4 3-4. Flour steady. Wheat weak. Turpentine steady. Rosin quiet. Spot cotton quiet unchanged; middling uplands 11.80. No sales.

HIS SEVENTY-EIGHTH BIRTHDAY

Rome, June 2.—Today is the 78th birthday of Pope Pieus X and the photograph as here produced was as he appeared when consecrated Cardinal of Venice. He was born at Riese on June 2nd, 1835. Cardinals, Vatican officials and many Italian and foreign churchmen and laymen called to congratulate His Holiness and many addresses and messages of greeting were received from all parts of the world. In accordance with the wish of the Pope there was no celebration of the anniversary.

SECRETARY DANIEL'S ADDRESS

Pleads for Sympathetic and Proper Instruction of Recruits in Speech Before Students of Naval War College

Newport, R. I., June 2.—"Every ship of the American navy will be a school and every officer a schoolmaster" if Secretary Josephus Daniels carries out the plan he outlined here today in an address before the Naval War College.

"The chief lack of the navy today," the Secretary told the officer-students, "is a systematic and proper instruction of the young men who respond to our calls to enlist and who man our ships."

Referring to the alluring advertisements of the recruiting stations, promising young men opportunities for learning all kinds of trades and vocations, Mr Daniels said: "As a matter of fact we have neglected training them and outside of the practical duties aboard ship they do not obtain the drilling and education which should be given them in order to keep the promise made as well as benefit the navy" He added that when men enlist they should be assigned to a regular course, being allowed to elect whether they study engineering or electricity, machinery, carpentry or other trades, and classes should be organized to teach them all In addition, he said, there should be courses in primary instruction conducted by the younger officers

Lessons taught by the "ever-changing, ever-improving construction and operation of ships and accessories," were discussed in detail by the Secretary "The first," he said, "is that the men who would command ships must be open-minded, studious and inventive, ready to discard the old and test the new There is no place in the navy for a standpatter You know the modern definition of that modern word is, 'A man who has stopped and cannot start' Every good officer in the navy must be a progressive—that is 'one who has started and cannot stop,' started in a direction of always looking out for a better way to construct and operate ships and to make a battleship in all that pertains to it nearer perfection

"A few days ago I asked an able naval officer why a certain plan should not be adopted, and, imitating civilians who go along beaten paths, he said, 'it has never been done and it would be unprecedented' That phrase has given us more dry rot in learning in the navy and everywhere else than any other that ever framed itself for inertia and in progressive ways"

"We must put more emphasis upon initiative and less upon regulations," Secertary Daniels continued He told of a young officer who when he unsuccessfully attempted to resign recently said, "I want to resign because if I stay I shall be doing the same thing 15 years from now that I am doing today Naval officers are bound down and fettered by regulations There is no outlet for a man's initiative"

That there is no period when a man can say he has learned all that can be learned was pointed to as another lesson taught by ever-changing conditions in the navy. "The post-graduate school at Annapolis and this War College," the speaker said, "are designed to encourage naval officers to feel that the only one who is not going backward in attainment is he who is diligently seeking to increase his store of knowledge."

The Secretary spoke with pride of the achievements of the American navy, declaring that, "the brightest page in our history is the naval story from the time John Paul Jones said, 'I have just begun to fight,' to the day George Dewey sailed into Manila Bay and said to his fellow officers, 'Well, gentlemen, a higher power than we fought this battle today.'"

He depreciated the popular habit of underestimating the glory of the victories won by the American navy in the Spanish war. "This habit—for it has degenerated into a habit"—he said, "was borne out of the magnitude of the victories and the short-sightedness of the men who have thought it necessary to minimize the achievements of the fleet at Manila and Santiago in order to give strength to the arguments advanced for a large navy. Some have seemed to think the argument for naval expansion would be weakened by admitting that we had a strong naval force in 1898."

JAPAN CONSIDERS PEACE PLAN

Peace Proposal Has No Bearing on California Land Questions Says Japanese Ambassador—Other Nations Accept.

Washington, June 2.—Viscount Chinda, the ambassador from Japan, late today called upon Secretary Bryon with formal notification that Japan had accepted in principle the proposed plan advanced by the United States for "universal" peace.

Signatories for the treaty proposed in Mr. Bryan's plan, would agree to refrain from hostilities for a period of at least nine months while any conflicting claims were under consideration by an international joint commission. In the case of Japan as with the ten other nations that have received the proposal favorably, the response applies solely to the general principle involved, and none has committed itself to approval of any of the details of the project. Therefore, it may be many months before the tentative draft of the convention which Mr. Bryan submitted to the various embassies and legations can be reduced to a form which will receive their unqualified approval.

The statement by the Japanese ambassador that his government was prepared to give careful consideration to the peace proposal has no bearing whatever upon the negotiations now in progress between the two countries regarding the California alien land legislation. During his call upon Mr. Bryan today the ambassador discussed this subject from various angles for half an hour, but without any definite result. The Japanese foreign office has not yet cabled the ambassador definite instructions regarding the submission of its rejoinder to the last American note, and it is known that it is conducting an original investigation as a basis for its rejoinder.

DISSOLUTION PLANS RECEIVED

Government's Attitude Toward Railroads to be Determined

Washington, June 2.—Attorney General McReynolds today received from the Union Pacific copies of its plans for dissolution of the Union Pacific-Southern Pacific merger. He will begin an analysis to determine the government's attitude.

Mr. McReynolds said today he had not yet finally determined when or where the government's proposed suit under the Sherman anti-trust law for the seperation of the Central Pacific from the Southern Pacific would be brought.

Washington, June 2.—A resolution to amend the constitution so as to empower Congress to prevent polygamy in all States and territories was introduced today by Representative Gillette, of Massachusetts.

NEW EVIDENCE IN DISSOLUTION SUIT

Opinion of Late Senator on Anti-trust Law Brought to Light

APPLYING THE LAW TO POOLING

Attempt to Show in Suit Against Steel Corporation Author of Sherman Law Considered Pool Agreements Legal

New York, June 2.—Evidence that the late Senator George Hoar, of Massachusetts, who framed the Sherman anti-trust law, wrote an opinion one year after its enactment which held that steel manufacturers who entered pool agreements to fix prices, regulate output, and divide profits, could not be convicted under the law, came to light today at the hearings of the government dissolution suit against the United States Steel Corporation.

The opinion, written in 1891, at the request of wire manufacturers who proposed to form such a pool was put in evidence by attorneys for the corporation in connection with testimony of Judge Elbert H. Gary, chairman of the corporation, saying that in the early days of the steel industry it was supposed by steel manufacturers and lawyers that pools were legal. Three years ago pools of wire manufacturers were broken up by the government under the law and their members indicted and fined.

The opinion, Judge Gary said today, came from the files of Washburn, Moen & Company, of Worcester, Mass., one of the concerns which participated in one of the wire pools of the early nineties and for whom he said Senator Hoar acted as attorney.

"I think the contract above proposed is reasonable," wrote Senator Hoar in reference to the proposed pool, "and would be so held by the courts of the United States."

The opinion of the courts, like the opinion of the rest of the community may vary in different generations as to what is reasonable. But the question of reasonableness will be a question of law for the courts, to be determined upon from the facts and in the light of experience, the business habits and the public opinion of the present time. This being my opinion I think the parties to the agreement above proposed would not likely to be convicted of an offense under the statute of last year.

"I am further asked whether it is likely that a prosecution will be instituted against them. It is probable that at some time proceedings will be instituted which will test this question as other similar questions will arise under the statute. Whether this business would be likely to be selected as the object of proceeding for such a test would depend upon the feelings of their customers, or possibly their business rivals.

"I cannot see any distinction in principle between a contract of working men not to work for less than a stipulated sum as wages and a contract of employers not to sell their product for less than a stipulated sum. Both these being intended for their legitimate portion and not accompanied with any stipulation for unlawful, oppressive or fraudulent methods, seem to be lawful within the policy of the law as it now exists and not to be in restraint of trade, but in advancement thereof."

"They all believed," said Judge Gary, "that Senator Hoar's opinion could be relied upon."

The witness admitted, when asked to state his own connection with pools that some years before the formation of the corporation he had signed in behalf of the Illinois Steel Company an agreement with Andrew Carnegie to divide their rail business on a fifty basis, an arrangement in which he said, other rail manufacturers later participated.

"I did not consider at the time that the rail agreement was illegal," he said. "Everybody thought it was all right, and so did lawyers. Later I reached the conclusion that public sentiment, if not the law, was opposed to them. The opinions of the courts changed, and I think the Supreme Court has from time to time extended the application of the Sherman law."

Judge Gary said that about the latter part of 1904 he had taken up the question of pools and agreements with the finance committee of the corporation, and that as a result subsidiaries, which were found on investigation to be participating in any such agreements, were ordered to abandon them. The witness said he had been surprised to find that "our subsidiaries participated in any of these agreements as late as they did."

He denied he ever had attended certain meetings of plate and structural pools as testified by William E. Corey, former president of the corporation.

TY COBB AND CHASE.

No Truth in Report That Deal in Players is Contemplated.

Chicago, June 2—The Evening Post today printed an interview with an unnamed man "closely identified with American League affairs." in which the statement is made that the Detroit and Chicago clubs are arranging a trade involving Ty Cobb and Hal Chase. Confirmation of the report was lacking here and in Detroit.

The Chicago team got Chase from New York yesterday by exchanging First Baseman Borton and Utility Infielder Zeider for him.

Detroit, June 2.—"Absolutely nothing in it," said Frank J. Navin, president of the Detroit League club, when he learned this afternoon of the Chicago rumor concerning a trade involving Ty Cobb and Hal Chase.

Mr. Navin added that he is not considering any other trade with the Chicago club at present.

IN THE WORLD OF SPORTS

BASEBALL - YACHTING - TENNIS - GOLF - MOTORING

MACK'S TRIBE TAKE BOTH

Defeated the Senators in Both Games, Johnson Pitching the Second—Yankees Dropped Two to the Red Sox.

The Philadelphia Athletics opened up a series in Washington yesterday afternoon and won both ends of a double-header from the Senators, Walter Johnson having suffered his second consecutive defeat in the second game of the afternoon in which J. Franklin Baker opened up hostilities in the first stanza with another of his famous all around the ring clouts. The merry little band from Philadelphia batted with their usual ferocity, driving both Mullin and Boehling from the box in the first inning, tallying a total of 15 hits off four Washington twirlers, and nine off the peerless Johnson in the second game.

Washington takes a drop to fourth place as a result of these defeats, being replaced in third position by Chicago with a lead of eight points. The Athletics are due to stay in Washington three more days, and will probably play one more double-header during the series, making four more games to play.

Cleveland played a double-header with St. Louis to terminate the series Sunday, breaking even for the two games. The Naps are now three games behind the Athletics, or 52 points. The Naps were en route yesterday to New York, where they open a four-day series with the Yankees, with the possibility of taking another boost at the expense of the Chancemen this week.

The New York Americans found yesterday no exception to the long standing list of reverses on their local lot this season, dropping two games to the Boston Red Sox yesterday, making nine straight defeats, 13 defeats on the home grounds this season. The Yankees have not won a game from Boston at home since 1911.

Athletics Won Two.

Washington, June 2.—Philadelphia won both games of today's doubleheader with Washington 9 to 4 and 4 to 3. The visitors batted hard in both games, driving Mullin and Boehling from the box. Walter Johnson suffered his second consecutive defeat in the second game, in which Baker scored the first run for his team with a home run.

Philadelphia ....320 000 040—5 15 3
Washington ....100 300 000—4 11 4

Brown, Bush, Bender and Lapp; Mullin, Boehling, Hughes, Engle and Henry; time 2:30; umpires O'Loughlin and Egan.

Second game:

Philadelphia ....000 101 020—4 9 1
Washington ....000 003 000—3 6 1

Houck, Brown and Lapp; Johnson and Ainsmith and Henry; time 1:50; umpires Egan and O'Loughlin.

Yankees Drop Again.

New York, June 2.—The New York Americans continued their long list of local reverses today when they dropped two games to Boston by scores of 4 to 3 and 8 to 6. In the second game Manager Chance, in an effort to break the local club's hoodoo, asked that his team be permitted to bat first, but it failed to work. The loss of today's double-header makes the New York club's record nine straight defeats, 13 straight defeats on the Pala grounds this season and 18 straight defeats in New York to Boston. The Yankees have not won from Boston in New York since 1911.

Boston .....000 020 002—4 4 1
New York .....000 100 002—3 5 3

Leonard, Bedient and Carrigan; Fisher and Sweeney; time 2:18; umpires Evans and Hart.

Second game:

New York .....000 100 023—6 10 0
Boston .....001 005 02x—8 12 1

McConnell, Schultz, Klepfer and Gossett; Wood, Hall, Bedient and Cady and Carrigan; time 2:25; umpires Evans and Hart.

NOT DISTURBED OVER TARIFF.

Returning Carolina Congressmen to Washington Feel Pulse of People.

(Special Star Telegram.)

Washington, D. C., June 2.—Congressmen returning to Washington today from the State were of the opinion that North Carolinians were not concerned to a great extent over the result of the present tariff agitation. Represenatives Godwin, Doughton and Gudger were of the opinion that the people of the State were satisfied that the tariff would not hurt the country and they believed the Democratic party should redeem the platform pledges. "The people in my section of the State," said Mr. Gudger, "are far more concerned about having Republicans removed from office and Democrats appointed in their places than they are over the tariff."

Representative Doughton said the folks in his district were greatly concerned about fourth-class postmasters and the Watts-Justice controversy.

J. F. Milliken, of Siler City; J. E. Brewer, of Wake Forest; M. C. Brasswell, of Battleboro, and R. L. Ruffines, D. J. Ross and P. C. Shore, of Rocky Mount, are here. P. R. A.

SALEM FEMALE COLLEGE

One Hundred and Eleventh Commencement Began Yesterday

(Special Star Telegram.)

Winston-Salem, N. C., June 2.—The exercises in connection with the 111th annual commencement of Salem Female College, were featured today by reunions of 1909, 1910 and 1911 classes and a meeting of the Alumnae Association.

In the grand concert tonight and graduating recitals nearly every Southern State was represented in the school this year, the enrollment of students numbering about 639. Young ladies, representing North Carolina, Florida, South Carolina, Louisiana, Georgia, Virginia and Texas, compose the graduation class, five of whom completed courses in special studies. Tomorrow will be commencement day proper. The literary address will be delivered by Dr. Archibald Henderson, a member of the faculty of the University of North Carolina. On this occasion diplomas and certificates will be presented to seniors.

Arouses the Liver and Purifies the Blood

The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, arouses the liver to action, drives Malaria out of the blood and builds up the system. For adults and children. 50c.

HAL CHASE TRADED

Goes to White Sox in Exchange for Zeider and Borton

New York, June 1.—First Baseman Hal Chase has been traded to the White Sox (Chicago) in exchange for Second Baseman Rollie Zeider and First Baseman Borton, Manager Frank Chance, of the New York American League team, announced tonight.

Chance said that after canvassing all the American League teams, he had found the White Sox the only club willing to give an equivalent for Chase. The other clubs, the manager declared, did not seem anxious to get Chase under any conditions. Chance explained that while he considered Chase a great first baseman, Hal had fallen off in his batting to such a degree that a change of some kind was compulsory.

It was announced that Chance himself would play first base regularly for the locals, beginning tomorrow, and might use Borton in the outfield. Zeider probably will be played at second.

Chance has had his eye on Zeider ever since assuming management of the New Yorks, having been favorably impressed by the abilities he had seen the player display in a series between the White Sox and the Cubs. Borton hit .371 for Chicago in 31 games last year, and had played first regularly this year until laid up recently with an injury. Zeider and Borton will report here Tuesday morning. Chase was notified today of the deal in which he figured, and has received instructions from Manager Callahan to report to the White Sox at once.

Chase was the oldest member in point of service on the New York Americans. He joined the team in 1905, and has been on its roster ever since. Regarded by probably the majority of baseball observers as one of the greatest first basemen since the game began and once a hard hitter, he has been of late an uncertain batter. He was taken from the ranks and made manager of the team in the latter part of the 1910 season, succeeding George Stallings, and remained at the head of the club the following year.

Harry Wolverton was his successor. Chase has been unfortunate in many ways, having frequently experienced long spells of sickness and being out of the game often through injuries.

RAIN AND HAIL STORM

Marietta Section of Robeson Visited —Negro Killed by Train

Lumberton, N. C., June 2.—The Marietta section in the southern part of this county is reported to have been visited by a terrific rain and hail storm this afternoon. Tobacco, corn and cotton were beaten to pieces in a strip estimated one mile wide. The rainfall had the appearance of a cloudburst the water falling in torrents.

Coroner Rancke and the county physician went to Rennert yesterday to hold an inquest over the remains of a negro who had been killed early in the morning by a freight train. The man had been drinking, started home and sat down on the end of a crossle where he remained until a train struck him. No blame was attached to anyone.

The Brilliant Stars of June

By the end of June, Mars, Venus, Saturn and Jupiter will all be morning stars, but Foley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is as apt to develop into bronchitis or pneumonia as at any other time, but not if Foley's Honey and Tar Compound is taken. It will surely head off the cold, and heal the inflammed membranes. The genuine in a yellow package.—Robt. R. Bellamy.

NATIONAL PROCEEDINGS

A Day's Work in the House and Senate

Washington, June 2.—Senate: In session 2 P. M.

Lobby investigating committee began open hearings.

Finance sub-committees continued work on tariff schedules.

Judiciary committee acted favorably on O'Gorman bill allowing Chief Justice to assign Federal judges to circuits other than their own.

West Virginia and commercial mine strike investigating committee decided to begin hearings at Charleston, June 10th.

Pacific Islands committee held hearings on Gronna bill to make Hawaii "dry" but took no action.

Senator Martine introduced concurrent resolution to suspend until action by Congress customs district consolidation order.

Passed Tillman bill to commission Naval Academy graduates to staff corps or marine corps.

Senator O'Gorman introduced bill to create National committee on prison labor, to study prison labor questions and recommend uniform legislation.

Adjourned at 6:20 P. M. until 2 P. M. Thursday.

House: Met at noon and adjourned out of respect to the memory of the late Representative George Konig, Third Maryland district.

Speaker appointed committee to attend funeral.

Democrats caucused to ratify committee appointments.

Representative Hinebaugh introduced resolution to direct Inter-State Commerce Commission to investigate St. Louis and San Francisco Railroad system for past year.

Mr. Murdock introduced a bill for the naturalization commission to recommend bills in interests of admitted aliens.

Adjourned at 2-10 P. M. until noon Tuesday.

TO VISIT THE SOUTH

Vice President Marshall Will Make Address at Chapel Hill

Washington, June 2.—Vice President Marshall will leave Washington tomorrow night for a ten-day trip through North Carolina, Kentucky and Indiana in which States he will make half dozen addresses.

The Vice President will speak to the graduating class of the University of North Carolina June 4th, and on June 6th at the 75th anniversary of Founders Day at the Nashville Y. M. C. A.

In Indianapolis on July 9th, he will make the principal address at the unveiling of a statue to Colonel Richard Owen, commander of the United States Military Prison, established there during the Civil War. The statue was erected with funds subscribed by Southern soldiers who were imprisoned there, and who wished to pay respect to Colonel Owens' treatment.

CHANGES AT HEADQUARTERS

Larger Policemen Assigned to Day Duty in Downtown District

Chief of Police Williams announces that the larger patrolmen, as far as possible, will hereafter be assigned to day duty on the downtown beats, and that they will wear white gloves and keep their coats buttoned snugly. The white gloves would not have been added until the new uniforms were ready but the Elks' convention is at hand and it is desired to put up as natty appearance as possible for that. Chief Williams also announces the appointment of Patrolman J. J. Moore as hall officer, succeeding Officer Joe S. Lane, who will join the downtown patrolmen. Officer Lane has served very efficiently as hall officer during Chief Fowler's incumbency.

GIANTS TIED FOR SECOND

Won Their Game Sunday and Brooklyn Dodgers Dropped First Game to Phillies—Pirates Defeated Boston Braves.

After suffering the extreme humiliation of allowing the lowly Yanks to administer four successive and stinging defeats to his Beauties, Dooin's Phillies on yesterday came up from the depths and started a series with the Brooklyn Dodgers under most auspicious circumstances, winning the initial contention by a 2 to 6 score. The Quakers rolled up a five-run lead in the first inning, on a couple of passes, a single, triple and home run. Tom Seaton scored another victory by yesterday's game, his record now standing eight games won to one lost.

The Giants were "in transit" yesterday to St. Louis, where they open up this afternoon, after winning the concluding game of the series from Cincinnati Sunday afternoon, Rube Marquard holding the Reds hitless after the sixth inning. The Brooklyn Dodgers having dropped a game to the Phillies yesterday, the Giants are now tied with the Superbas for second position, but still 108 points from the top of the column.

The Pirates bested the Boston Braves in the initial game of the series yesterday, timely hitting and slow fielding being the principal alibis for the Braves' downfall.

Phillies Defeated Dodgers.

Philadelphia, June 2.—Philadelphia rolled up a five-run lead in the first inning of the game with Brooklyn today and won easily, the final score being 6 to 2. Two passes by Ragon in the first inning were followed by Lobert's sacrifice, MaGee's home run, Cravath's single and Luderus triple, netting four runs. Wagner then took Ragon's place and Luderus scored by working the "squeeze play" with Doolan.

Brooklyn .....010 000 100—2 6 0
Philadelphia ....500 000 01x—6 8 1

Ragon, Wagner and O. Miller and Erwin; Season and Killifer; time 1:40; umpires O'Day and Emslie.

Buccaneers Bested Braves.

Pittsburg, June 2.—Timely hitting and slow fielding of two bunts were principal factors in Pittsburg's defeat of Boston today 7 to 4 in the first game of the series.

Boston .....100 030 000—4 9 1
Pittsburg .....033 010 00x—7 12 1

James, Strand and Rariden and Whaling; Hendrix and Simon; time 2:12; umpires Brennan and Eason.

MOTORCYCLISTS COLLIDE

Messrs. Irl T. Sell and William Athner in Smash Up

Sunday afternoon while a party of motorcyclists from the city were on the Scott's Hill road, two of them, Messrs. Irl T. Sell, assistant foreman at the office of the Evening Dispatch, and William Athner, raced along together to cross a line to have their photograph taken. After they crossed the given point, Mr. Athner cut off the power on his machine and thinking Mr. Sell had done the same, crossed the road ahead of Mr. Sell, who, smashed into him promptly. The machines were not hurt, neither was Mr. Athner; but Mr. Sell received bruises sufficient to keep him from his work for several days. He left last night for Magnolia to spend a few days with his parents, Rev. and Mrs. E. C. Sell.

MR. BOWDEN'S HOUSE ROBBED.

Negro Boys Ransack Residence at Fourth and Chesnut Streets.

Patrolman W. R. Appleberry ran across a negro boy last night in the Purcell alley, between Front and Second streets, and "copped" him on suspicion. He had a suit case filled with wearing apparel, and after being taken to headquarters, it was learned that he and two others had enterd the residence of Mr. A. G. Bowden, Fourth and Chesnut streets, the family having moved to the Sound, and ransacked it from top to bottom. Articles were strewn all over the floor. In the suit case were trousers, shoes, a cap, etc. The boy gave his name as Richard Spicer. Warrants were issued for the other two.

PLANNING HEALTH WORK.

Department Making New Draft of Plans Following Reduction.

As a result of the reduction in the budget of the health department, new plans must be formulated by the officials in that branch of governmental activities, and Dr. Nesbitt and associates are now engaged in mapping out their Summer's work along lines more in keeping with the reduced sum available for health purposes. Many of the changes have already been made. Dr. Nesbitt states that within a short time the department will probably be housed in offices in the basement of the Court House. The department faces the Summer with everything in good shape, and the city in condition to combat disease in any form, and hopes to make a fine Summer's record.

Boy Hurt by Street Car.

Sunday at 10th and Orange streets John Meyland, aged about 15 years, was hurt in attempting to board a street car on its way into the barn. A gash was cut in his scalp about three inches long, and while he was painfully, he was not seriously injured. Dr. J. C. Wessell took several stitches in his scalp.

STATE OF NORTH CAROLINA, COUNTY of New Hanover—In the Superior Court. Before the Clerk—Notice of Publication: W. D. Hall, propounder of the will of Emma J. Hall, deceased, vs. Maggie Filyaw and husband, Eugene Filyaw; S. J. Davis, Mamie Rose and husband, A. P. Rose; Geo. H. Davis and W. T. Davis.

The defendants, Mamie Rose, A. P. Rose, Geo. H. Davis and W. T. Davis, will take notice that a proceeding entitled as above has been commenced in the Superior Court of New Hanover county for the probate of the will of Emma J. Hall, deceased; and the said defendants will further take notice that they are required to appear before the undersigned Clerk of the Superior Court of New Hanover county, on the 30th day of June, 1913, at 10 o'clock A. M., at the Court House in Wilmington, N. C., and answer, or demur, to the petition of the said proceeding, or the petitioner will apply to the Court for the relief commanded in said petition.

This 2nd day of June, 1913.

W. N. HARRISS,
Clerk of Superior Court of New Hanover County.
je3,10,17,24,30-5t

..Theatrical..

A big show day or night, for the small sum of five cents, together with the perfect ventilation, good music and the natural attractions of the place, are making the Grand a popular resort these early Summer days and each performance is well patronized and the playhouse is becoming even more popular than ever before.

The leading film today is a Pathe, a big comedy production of "Too Much Parcel Post". It tells of a postman who is much elated over his promotion to the parcel post section of the postoffice until he finds out some of the numerous bundles and packages he has to carry. A shipment of eggs batches out right under his eyes; there is a trouble baby among the mail and last, but not least, he finds himself burdened with a few sticks of dynamite that make all kind of troubles for him. Another notable film is "Roses of Yesterday," a song of "Love's Sweet Memories," a Selig production that is sure to please. Then there will be others and everybody will find today a delightful one at Wilmington's premier playhouse.

At The Bijou

Five films, including a special hand-colored success, Pathe's daintiest and sweetest offering, will be presented by the popular Bijou today.

Today's bill while posessing a strong dramatic, one of Essanay's best, will be superb for comedy. "The Magic Shoe" is a great novelty that will tickle the ribs of all. And Lubin's "Angel Cake and Axle Grease" is a howl for laughs. It is one of those spontaneous laugh producers that are always immensely enjoyable. A girl sends her fellow a cake, with instructions that if he loves her he must eat it all. A hated rival butters the cake with axle grease, but a band of Indians steal the cake and eat it. There are a lot of sick Indians on hand for quite a while. There are other just as funny complications.

Pathe's "Hydrogen" is a wonderful educational film and it should be seen by all. The children as well as the grown-ups should see it.

"The Granada," being views of the grounds surrounding the Place of the Palace of the Kings of Spain, is the hand-colored film and it is a beautiful piece of art.

Yet, in spite of this big show, there will be no advance in the price of admission—5 cents.

The Unknown.
Hydrogen.
The Granada—Hand Colored.
The Magic Shoes—Comic.
Angel Cake and Axle Grease—Comic.

Don't Wait for the Wood to Show Before You Paint!

Postponing painting is like putting off payment of taxes. You are only piling up expense. The wise man paints often, so that there is always a protecting film of paint between his house and the elements. The more durable the paint, the less often this must be done.

The most durable paint in the world is

Lewis White Lead
(Dutch Boy Trade Mark)
and Pure Linseed Oil

when mixed to suit the conditions of the wood. All good painters do it this way. Make sure that yours does it, too, and that he uses Dutch Boy white lead and linseed oil.

The following dealers sell it.

N. Jacobi Hardware Co.
M. W. Divine & Co.

Drop in and get "*Painting Points*," containing valuable suggestions on selecting color schemes for inside and outside your home.

Knight's Big Excursion
TO NEWBERN
The Best of All the Good Ones

The first big EXCURSION from Wilmington this season will be run via the FAMOUS ATLANTIC COAST LINE, under the management of Thomas H. Knight, on Monday, June 9th, when no doubt a big crowd will take advantage of this cheap trip to visit friends and enjoy a day of rare pleasure. For natural beauty, picturesque surroundings, and ample facilities for a day's enjoyment, Newbern is unsurpassed. It is a place where social advantages combine with natural attractions to make life joyful. This picturesque and interesting spot fully warrants the popularity it has for a long time maintained as "The CITY OF PLEASURTSURE and HOSPITALITY."

There will be separate coaches for white and colored passengers. The fare from here is only $1.25 for the round trip, and surely you will not let such a small amount keep you from enjoying the most delightful trip that you will ever have for so small a rate.

Train will leave this point at 7:30 A. M. and will leave Newbern on the return at 8:00 P. M.

AFFAIRS AT STATE CAPITAL

Governor Craig's Vacation—Two Charlotte Charters—Express Package Breakers Bound Over—Notes.

(Special Star Correspondence.)

Raleigh, N. C., June 2.—Governor Craig left Sunday for Chapel Hill to deliver addresses this week in connection with the commencement season of the University of North Carolina. From Chapel Hill he will go to Asheville to deliver the commencement address for St. Genervene Convent.

He will be back in the executive office here Thursday and Friday of this week and leave Saturday for an indefinite rest in the hope of getting rid of the rheumatic and nerve troubles that have caused him considerable suffering and anxiety lately. He expects to travel with Mrs. Craig through the country in automobile to Asheville and spend some time in that section. He has had invitations in great numbers to visit the most famous resorts in the country other than Asheville, but believes that a quiet stay in Asheville will do him most good.

Governor Craig's address at Chapel Hill is for the occasion of the unveiling of the monument to the university boys who left the University to fight for the Confederacy in the sixties.

Adjutant General Young, of the North Carolina National Guard, has issued a commission to G. K. Freeman, of Wilson, ac captain of Company K, Second Infantry, that city.

The Secretary of State chartered two new corporations for Charlotte today: The Klutz Furniture Co., capital $25,000 authorized and $2,100 subscribed by H. Y. Klutz, Jas. T. Porter and E. R. Smith; and the Oak Hill & Dairy Farm (Inc.), capital $50,000 authorized and $10,500 subscribed by C. E. Mason, W. M. Phifer, A. S. W. Dandridge, J. P. Lucas, E. R. Smith, B. R. Bates and H. R. Glasscock.

Commissioner of Insurance Young announces that reports of building and loan associations in this State for 1912 show 131 associations in operation, with 17 new ones formed during the year. Receipts of the 131 associations for the year $6,912,616, a gain of $1,541,010 for the year; assets $9,581,773, a gain in assets of $1,206,395. Shares in force $243,544, a gain of $46,399. White shareholders 22,308, colored shareholders 3,750. The 1913 annual convention of the Building & Loan Associations meets in Burlington June 11th and 12th.

Police Justice Harris today turned over to the United States authorities four prisoners charged with breaking open the express package of money lost from the Seaboard Air Line express car last week and attempting to get away with the $700 it contained. It was at first announced that the lost package contained $1,900. The prisoners were brought before United States Commissioner Nichols today and committed to jail to await trial before Judge Connor at the next criminal term of the Federal court. The prisoners are John H. Kirkpatrick, white, John Mosby, James Kitchin and Raymond O'Neal, colored.

While contending delegations from St. Mathew's township, this county, were fighting out a dispute over the lines of a local school tax district in that township this afternoon before the county school board, J. H. Hester and G. E. Norwood, prominent citizens of that section, became involved in a strenuous fist fight in which Norwood came out considerably the worse for the encounter. Hester weighs about 225 pounds and Norwood is only a medium-sized man. He was considerably beaten up before friends rushed in to stop the fight.

DEEDS FILED FOR RECORD

Transfers in City and Rural Properties as Shown by Papers

Following are the deeds filed yesterday for record:

Wilmington Suburban Co., to C. H. White, for $100 and other considerations, lot on east side of Fourth street, 100 feet south of Martin, 49x150 feet in size.

J. H. Shaw and others, trustees Rising Star Tabernacle No. 22, to A. B. Pratt, for $10 and other considerations, lot on west side of Harnett, 2225 feet south of Wilmington and Scott's Hill road.

D. N. Chadwick, Jr., to Amelia Brown, for $75 and other considerations, lot on west side of Telfair street, 132 feet north of Wright, 33 by 75 feet in size.

Rebecca Stokley to Hoyt Kennedy and wife, for $10 and other considerations, tract of 80 acres in Masonboro township, on Myrtle Grove sound, adjoining Brocket, Hollis and other lands.

J. D. Bowen and wife to Wm. Wheeler, for $10, lot 4, block 2, Love Grove.

DRANK UP THE EVIDENCE

Whiskey Stolen from Office of Clerk of the Recorder's Court

Some time between Saturday and Monday morning some person or persons, very dry person or persons, it would seem, broke into the office of the clerk of the Recorder's court and stole a number of bottles of whiskey that were being held as evidence in cases appealed to Superior Court. Saturday a brand new lock had been put on the door, to safeguard the whiskey from just such a fate, but thirst laughs at locksmiths, windows or all other barricades, and yesterday morning Clerk Hogue found his evidence had vanished. The Commissioners have ordered a vault prepared for future evidence and hereafter whiskey will be put where the thirsty will have some trouble getting to it.

RED MEN SPECIAL SERVICES.

Rev. C. T. Rogers Delivers Sermon to Fraternal Order.

Sunday night at Trinity Methodist church, Rev. C. T. Rogers, pastor, delivered a special sermon to the Red Men of the city, the two tribes, Cherokee, No. 9, and Eyota, No. 5, attending in full force. In addition to the Red Men there was a large number of others present, so that the church was packed. Mr. Marshburn made a short talk, and there was special music of a high order.

Policemen Get Vacations

Yesterday was the beginning of the vacation season for the policemen of the city. The first to take advantage of the holiday season are Officers Chas. E. Wood, J. A. Dew and E. M. Sessoms, whose vacation began yesterday and will extend through a period of 10 days. At the expiration of their vacation another contingent of three men will take their vacation and so on through the list until each man has had his 10 days off. It is needless to say that they appreciate the policy of the city government in this regard, and will no doubt return to their work after the vacation season better prepared than ever to attend to their official duties.

FINALS HELD YESTERDAY.

School of Misses Hart and Brown Closes Successful Year.

The end of the session of the school in which Misses Hart and Brown are associate principals was marked yesterday by the reading of the annual report and the presentation of certificates and prizes. Final examinations were held Friday.

A number of students were mentioned as having been debarred from the honors, etc., by sickness or other unavoidable causes, or by having entered after the session began. The record in scholarship above 90 per cent. was as follows:

William Milton attained 95.7; Ann Milton (certificate) 95.5; Monimia MacRae, 92.9; Emma Bellamy Williamson, 92.7; Rosalie Burbank, 90.1.

Prizes were awarded as follows: For attaining 100 per cent. in punctuality, Rosalie Burbank and Sophia MacRae. Elsie Cronly and Lola Taylor lost through sickness only. William Milton, for scholarship; for best record in writing, Anna Whiting James; for needlework, Minnie Clayton and Jane Russell; for highest "total average", Rosalie Burbank.

The "Marion Medal" for conscientiousness and courtesy was earned by Rosalie Burbank.

SANDY WILLIAMS CAUGHT.

Negro Charged With Cutting Calvin Hardy at Winter Park.

Yesterday afternoon Sandy Williams, colored, charged with being the assailant of Calvin Hardy Saturday night at Winter Park, was arrested and held until today at 12 o'clock when he will be given a hearing before Justice Harriss. It will be recalled that Hardy is the negro who woke up Mr. Ed Dudley at Winter Park after midnight Saturday night, and told him he was badly cut. Mr. Dudley tried in vain to get help from officers and hospital and health officials, and finally brought Hardy to the hospital himself. The negro was pretty badly carved up with a razor but not seriously wounded. In this connection it may be stated that Sheriff Cowan, whom Mr. Dudley could not get via the Wrightsville exchange Saturday night, tried to get a message through to the city about the same time and could not get a reply from the Wrightsville operator.

CHARLOTTE'S NEW CHIEF

City Went to Monroe for Head for Police Department

Mr. R. H. Moore, recently elected chief of police at Charlotte, took charge of things in the Queen City Sunday. The fact that he is an outsider, that is, a citizen of another town, makes his election quite interesting, as instances are rare where a municipality in this country seeks such an official beyond its own lines. In Germany, it is said, they advertise for such officials, and do not care where they come from, so they are capable.

Mr. Moore is a Monroe man. He has been serving as special agent for the Seaboard. He has served as policeman in Monroe, deputy sheriff in Union county, as member of the police force at Rockingham and as chief of police at Hamlet. Charlotte considers him a very good man.

FINE SOIL FOR PEACHES

New Hanover Believed to Hold Great Fruit Possibilities

As fine peaches as one could wish, ruddy-cheeked and luscious, have been plucked from the orchard of Mr. J. A. Montgomery, in East Wilmington, this year, as they have been in other years, although this season, because of frosts and dry weather when all growing things stood in need of rain, have been against the crop. The quality of the peaches is taken as proof of the fact that the soil hereabouts is peculiarly adapted to fruit growing and it is wondered why more attention is not paid to the industry. Mr. Montgomery has been selling the ouput of his trees, which is curtailed this year, at 50 cents the basket, which indicates the money that a diligent orchardist might coin in and around Wilmington.

THE RECORDER'S COURT.

Very Light Docket for Monday Morning—Low Case Continued.

The Recorder's court docket was unusually light yesterday for a Monday morning's docket, there being few cases and those of little interest. The case against James Lowe, colored, violation of the prohibition law, was continued until today. His arrest was the first under the new police administration. John King was fined $10 and costs, $16.10 for assault and battery. Wesley Bland went to the roads for 30 days for disorderly conduct. George Fulton, in a case last week, paid $10.45 for a water wagon affair. John Wrights, arrested on a warrant charging assault with a deadly weapon, was released on this charge, the alleged assault having taken place in Columbus county.

BIBLE SERMON SERIES.

Meetings at Brooklyn Baptist Church Are Well Attended.

The series of Bible sermons which began at the Brooklyn Baptist church Sunday night drew a surprisingly large congregation to attend the service last night. The large chorus choir led in the splendid singing and the Misses Nixon rendered a beautiful duet. Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, preached a fine sermon on "How to be Saved" and much interest was shown.

Tonight Rev. H. C. Bowen, pastor of Dock Street Christian church, will preach. The Nixon trio will sing. The public is cordially invited to attend the services.

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Wilmington Homes

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys.

'Twould save much needless woe.

Doan's Kidney Pills are for weak kidneys.

Read what a Wilmington citizen says:

Mrs. M. E. Bordeaux, 510 S. Second St., Wilmington, N. C., says: "I suffered from dull pains in the small of my back and some days I could hardly get about to do my housework. I had a kidney weakness that caused me great annoyance and I knew that a kidney medicine was needed. When I read about Doan's Kidney Pills, I at once got a supply at Bellamy's Drug Store and they restored me to good health. Another of my family has also taken Doan's Kidney Pills with benefit. I willingly verify my former endorsement of this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DECORATING FOR ELKS

Wilmington Merchants String Bunting and Place Flags

Wilmington merchants, especially on Front street, began yesterday to decorate the fronts of their stores with bunting and flags for the annual meeting of the Elks of the State, which will be held Thursday and Friday of this week. Bunting in the colors of the order, purple and white, is being used. The visitors will not only be greeted with attractively decorated store fronts in honor of their coming, but the sidewalk on the west side of Front street from the union station to the Elks' Temple will be in gala attire. It is proposed to streak the sidewalk with paint, purple and white.

Arrangements for the big parade to be held on Friday morning are practically complete. While the local lodge will not compete for a prize with the other lodges it will doubtless be well represented in the parade. The committee announced last night that the automobiles to be used in the automobile trip would not be decorated as was first planned. The plans have been changed in another particular. Instead of disembarking from the cars at Wrightsville Sound, it has been decided to return to Front and Princess, where the party will board the trolley cars for the beach.

A message was received last night that Rocky Mount will be well represented at the convention. The indications are that the convention will be the most largely attended the Elks have ever held.

AUTO AND "BIKE" COLLIDE.

Accident on South Fourth Street Sunday Afternoon—Not Serious.

A bicycle ridden by Mr. Page, of No. 807 Orange street, and an automobile owned and driven by Mr. Owen Martindale, collided on Fourth street, near Queen, Sunday afternoon about 4:30 o'clock, with the result that Mr. Page and the two-year-old child he had on the wheel with him were painfully bruised, but not seriously injured and the bicycle was demolished. They were picked up and taken to their home by Mr. Martindale and were attended there by a physician. Mr. Martindale was coming north on the east side of the street and Mr. Page was going south and veered too far to the left side, causing the accident, it is said. Mr. Martindale is said to have run his machine as near to the curbing on the right side as he could get it, and it was said that no blame attaches to him for the accident.

GIRLS WHO ARE PALE, NERVOUS

May Find Help in Mrs. Elston's Letter About Her Daughter.

Burlington, Iowa.—"Lydia E. Pinkham's Vegetable Compound has cured my daughter of weakness. She was troubled almost a year with it and complained of backache, so that I thought she would be an invalid. She was entirely run down, pale, nervous and without appetite. I was very much discouraged but heard of Lydia E. Pinkham's Vegetable Compound through friends and now I praise it because it has cured my daughter."—Mrs. F. M. ELSTON, R. D. No. 3, Burlington, Iowa.

Case of Another Girl.

Scanlon, Minn.—"I used to be bothered with nervous spells, and would cry if anyone was cross to me. I got awful weak spells especially in the morning, and my appetite was poor. I also had a tender place in my right side which pained when I did any hard work. I took Lydia E. Pinkham's Vegetable Compound and my symptoms all changed, and I am certainly feeling fine. I recommend it to every suffering woman or girl. You may use this letter for the good of others."—Miss ELLA OLSON, 171 5th St., Virginia, Minn.

Young Girls, Heed This Advice.

Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound

THE MORNING STAR

WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

Tuesday, June 3, 1913.

Philip drunk or Philip sober is the same old Philip.

Public sentiment is created but it is generally alluded to as being aroused.

Most of us find out that the world is fireproof when we start out to set it afire.

Every man who has a job wants to get a better one whether he is educated or not.

Colonel Roosevelt has proven that he can keep it in the cellar without staying in the cellar till it is all gone.

Atlanta's limelight causes no envy elsewhere. Even South Carolina limelight is a little pale beside that of Atlanta.

It is exceedingly creditable for a man to do a great deal of speaking without doing an equal amount of drinking.

The Republican party is trying to reform. That is quite possible but it will be more so after there are a whole lot of funerals.

Colonel Roosevelt got a verdict for six cents from that Michigan editor. That will leave the editor the larger part of his 30 cents to pay costs.

It would be interesting for those who say they favor good roads to explain how they can build them economically without issuing bonds to provide the money for the work.

Senator Saunders, of Tennessee, asserts that "the Republican party will bury its differences." That would be taking turn about, for it was its differences that buried the Republican party.

Most cities have a manufacturers' Association. Probably if the manufacturers of Wilmington would organize it would benefit their special interests and bring about the establishment of others.

When you plant trees for shade, plant pecans. The pecan growers of Georgia are going to have a convention in Atlanta. Why should Georgia get ahead of North Carolina in the pecan business?

Paragraphers continue to assert that Uncle Joe cusses. Editor George A. Newitt probably will be careful how he publishes something that is generally believed but which is hard to prove when the time comes.

The best agriculture is diversified agriculture. We know a man in New Hanover who is making $500 an acre on a farm on which he doesn't grow a pound of cotton. He raises something to eat and to feed his stock.

While Congress is investigating lobbyists who are paid for using their influence to affect legislation, it should investigate Congressmen who are supposed to legislate for the people while holding retainer fees from interests concerned in legislation.

A fashion sheet says "hoop skirts are coming back." With styles as pretty as they are at present, we can't imagine why anything like a tradition should be revived. Perhaps, Lady Duff Gordon can tell us why they won't let well enough alone.

Owners of automobiles will be interested in the statement that six-wheel machines are to be put on the market. Pedestrians will be equally interested, for they are the ones who have to take chances on being run over by the six-wheel concerns.

While the parcel post has some features that ought to be eliminated for the good of the service, the New York merchants inform the Postoffice Department that it is generally satisfactory. The people appreciate it and so do all business men who have been live enough to try it as a means of reaching customers.

The whole of Florence county, South Carolina, has risen up to get rid of the cattle tick. Cattle-raising in some South Carolina counties has been so satisfactory that other counties propose to profit from their example. The county that does not get rid of the tick when the government proposes to do most of the work, certainly will get behind in this day of progress.

Loy Warwick, in "A Little Sermon for You and Me," says: "Most of the offenders are those who talk too much." All who talk without thinking are sure to get in that class of offenders. Even if we talk as we think we are liable to put our foot in it if we can't think properly. After all, isn't the tongue held responsible for expressing the kind of thoughts that flit through our rattle brains?

MANUFACTURERS' EXHIBITIONS.

"Made in Wilmington" ought to be labeled on every commodity manufactured in Wilmington. It would be an advertisement for the manufacturer as well as for the city. Wilmington-made goods are sent North and South, and whatever it is, its place of manufacture should appear somewhere on the product. Wilmington is a considerable manufacturing city in spite of the fact that it isn't so regarded. When a city can turn out $9,000,000 to $10,000,000 of fertilizer in a year, and about $10,000,000 of fine cotton goods, wines and other products, it must be admitted that manufacturing is getting to be one of the factors in the present prosperity of the city.

People would be surprised to know of the different articles manufactured in Wilmington. Without attempting to name the manufactures here, we can say there are two articles that would carry a Wilmington ad a long ways. The barrels made here for the American Sugar Refining Company go all over the United States, and they have been identified on their return to Wilmington when a cargo of sugar comes in for Wilmington jobbers. The box shooks made here for the Standard Oil Company and other concerns are shipped all over the country as receptacles for their products. Wilmington made wines are shipped to nearly every State in the Union, and other products also have wide sale. We are inclined to believe that Wilmington might get up a good display for a "Home Made" industrial exhibition.

Chattanooga, one of the South's leading industrial centres, recently opened a permanent "Made-at-home" exhibition, and that fact alone is getting wide publicity for the enterprising Tennessee city. The fact that it is to remain open permanently indicates that Chattanooga must be quite an important manufacturing city. A committee representing the business men of Atlanta went to Chatanooga to see how the sister city pulled off its exhibition, and the Constitution says they returned home with a glowing account of the enterprise. They are strongly of the opinion that Atlanta should do the same thing. The Constitution goes on to say:

"Atlanta's exposition of last August was an indication of what even a temporary display can accomplish. It showed that a regular exhibit would be of incalculable value in encouraging the coming here of new industries and promoting the patronizing of home industries.

"A careful analysis of the expenditures of Atlanta for the necessities and luxuries of life would, undoubtedly, disclose that we are each year sending outside the State hundreds of thousands of dollars for articles and commodities that are manufactured within our borders. We are paying the freight two ways, adding a middleman's profit, and, most serious of all, we are supporting capitalists and wage-earners elsewhere when we could as well increase the number and wealth of both right at home.

"Home-made goods must, of course, compete with those imported, and meet them upon every qualification. Atlantans should buy goods made in Atlanta, not because of that fact, but because they cannot buy similar goods made elsewhere any better in quality or lower in price.

"An object lesson of what is made and what can be bought at home day in and out, the year around, will serve an admirable purpose. The process is cumulative. The dollar spent not only remains here, but it attracts other industries, to the enrichment of the entire community. That fact is a strong argument for the permanent manufacturers' exposition."

Atlanta had a "made at home" show last year, but it was not organized into a permanent affair. Since Chattanooga will show her manufactures in a permanent exhibition, it is quite likely that Atlanta will do the same. Those two cities are taking themselves seriously as manufacturing centres. Both are interested in the opening of the Panama canal for the reason that it will open up an opportunity for extending their trade to Central America, South America, the Orient and the Pacific coast. Wilmington ought to be interested in their industrial enterprises, for their products could easily be exported through the port of Wilmington.

All that the Constitution says about home-made articles and commodities applies to Wilmington. Door and window screens are being made here. Doors, sash and blinds are manufactured here. Concrete sewer pipes, drainage tiles and building blocks are turned out here. Architectural columns, coping, metal ceiling, metal wainscoting, and metal houses are made in Wilmington, and there is no necessity to send away for any of these things. All Wilmington made articles should be given the preference. The city which keeps its money at home and turns that money over and over is the most prosperous city in the country.

We ought to get up a manufacturing spirit in Wilmington and one of the best ways to do it would be to organize a manufacturers' club and have a made-in-Wilmington exhibition.

THE REACH OF A PORT.

We have been asked how far we think Wilmington and Southport ought to reach into the interior for export commodities. That depends upon our enterprise and the facilities of the port. We ought not to be satisfied till we reach the Mississippi river, and if we are dared we ought to ge beyond it. Wilmington exports cotton grown as far south as Mississippi, and we ought to export the South's manufactures several States distant, especially as far away as Georgia and Tennessee. This is the nerest Atlantic ocean gateway to Chicago, Cincinnati and Minneapolis, and when the port is fully developed and a Western trunk line makes connection into this port, there is every reason to believe we could handle a vast amount of exports from these great cities, besides do a large import business for them. There are several large Southern cities that should now be handling both exports and imports through this port. The cotton mills of the Carolinas ought to furnish millions of dollars in exports, and the day is coming when the manufactures of our own State will seek the Oriental, South American and Pacific trade through their nearest port.

The ports with the facilities get trade a long ways off. San Francisco, Portland and Vancouver reach clean to the Atlantic side of the continent for commerce. They are at present the nearest ports to the Orienal markets and North Carolina cotton mills shipping goods to China have sent them by way of San Francisco. If San Francisco draws commerce from 3,000 to 4,000 miles by rail, Wilmington certainly ought to draw business 1,000 miles away, especially as our South Atlantic ports will be nearer to the markets than San Francisco, when the Panama Canal is ready for traffic. Commerce seeks the nearest efficient outlet it can get, and that accounts for the fact that Australian meats are seeking the American market through San Francisco. The St. Louis Times recently remarked:

"The fight among the meat magnates, which has resulted in large shipments of meat from Australia and the Argentine Republic to California, can scarcely prove of any benefit to us of the interior, since the cost of transportation from the Golden Gate to this part of the world would make any profitable traffic in meat from that point to this impossible. Yet the situation which has recently developed in the meat packing world throws an interesting light upon a familiar problem.

"The American packers have invaded European markets formerly served by Australia and Argentine; and as a retaliatory measure the meat industry of the two countries named has invaded the western part of the United States. The packers from the Antipodes declare that they can deliver meat at San Francisco and sell it (at a good profit far below the price that has obtained in that visinity.) Yet the American packers can deliver meat in Europe at such a low price that they become formidable rivals to the packers of Argentine and Australia. The inevitable conclusion, then, is that the American packers can sell meat much more cheaply in Europe than they can sell it at home."

Take notice from the above that St. Louis is too far this way to be served with meats by the port of San Francisco. New Orleans or some Atlantic port, therefore, will serve St. Louis for her export and import business. It will be the nearest port with the service that will get business in the Middle West. The St. Louis paper was on another subject, but we use it to show that St. Louis is in either Gulf or South Atlantic territory, so far as commerce is concerned. Owing to water transportation on the Mississippi, St. Louis' port probably will be New Orleans, but it depends on the service in and out of that port. The advantage, however, is with the South Atlantic ports for the reason that more of the American and foreign lines will pass by and probably touch at some of our ports.

THIS IS A PEACH COUNTRY

Several growers around Wilmington have demonstrated that this sub-tropical portion of North Carolina is ideally adapted to the growing of early peaches. Mr. E. O. Toomer is the latest to become aware of the fact that peaches grow to perfection, produce abundantly and ripen early on the lands in this tidal section. Mr. Toomer has not gone into the business, but he wishes he had a hundred acres of such trees as he has on his lot at 1901 Princess street, Carolina Heights.

About three years ago he planted 15 peach trees of different varieties and they are all flourishing. Among them are two trees of the "Early Wonder" variety, and they bore some magnificent peaches a year ago last May. They also produced this year, although they were cold-hurt this Spring. Nevertheless, they began to yield fine ripe peaches in May and Mr. Toomer is continuing to gather perfect beauties from his trees. The Star can testify that they are beauties, for Mr. Toomer brought us some fine ones yesterday. He shrank from any publicity about it but he says when a country can produce early peaches of such magnificent quality it ought to be made known so our people can take advantage of it. Mr. Toomer got the "Early Wonder" from the Continental Plant Company, Kittrell, N. C., and to see them nearly as large as a man's first, blood-red on a bluff background, and perfectly delicious in flavor, is to raise one's conceptions of the fine possibilities of the peach-growing industry around Wilmington.

In addition to the natural beauty and superb quality of the "Early Wonder," its chief merit is that it ripens early and is a fine shipper. It is firm and it takes on its rich color ten days before it is fully ripe, a fact which shows that when shipped it gets into market looking like a peach and in the very best condition. This peach comes into bearing in three years and into full bearing in five years, and we hope to live to see the day that eastern North Carolina will be covered with it and other varieties. Peaches ought to make eastern North Carolina as famous as its strawbrries. If we grew peaches for the Northern markets we could reach them at the same time Georgia does, and if not just a little bit ahead of Georgia for the reason that the Gulf Stream makes our season earlier. We already have refirgerator train service and if we were to grow peaches the cars which carry strawberries could take peaches as soon as the berry season ends.

This is a great deal to say about a few peaches, but our reason for it is to urge our people not to longer neglect the marvelous opportunity they have to make this a famous peach-growing region. We think we are doing the most for the country when we emphasize its unrivalled resources.

CURRENT COMMENT.

The people of Maxton have made elaborate arrangements for the Scotch event of the week, which will be the formal organization of the Clan MacQueen. The Clansmen will assemble Tuesday from far and near and there will be visits to Queensdale and the Stewartsville cemetery, with a series of receptions and entertainments in the evening. Wednesday the Clan will be organized. Rev. William Black, of Charlotte, is one of the local chieftains. There will be representatives from Texas, Alabama and other States, as the MacQueen descendants are scattered in many parts of the country. By this organization some of the most prominent people of North Carolina will be brought into clainsmanship.—Charlotte Observer.

The inequality between the salaries paid the officials of the great industrial corporations and the wages paid the hands at work in these great industries is one of the things that the "Captains of industry" do not want too much said about. If Secretary Redfield investigates this phase of corporate affairs he will find himself persona-non-grata to the gentlemen who threaten to reduce the wages of their employes if their tariff graft is interfered with. What the manipulators of commerce pay the manipulators and put down as salaries is their own private affair, they think, but what they pay the men who manufacture the product they sell, is a burden on the business that they hope to use to prevent a just reduction of tariff taxes.—Raleigh News and Observer.

While the dispatches in Northern papers picturing a condition of ruin and desolation in the naval stores section following the suspension of the American Naval Stores Company were in excusable, conveying as they did an erroneous impression, an impression calculated to do a great deal of harm they had at least the effect of calling out a statement from the creditors committee having charge of the affairs of that company that is calculated to clear up the naval stores atmosphere. It is now known that there is every probability that not only will all the creditors of the American Naval Stores Company be paid in full but that there will be a large amount, approximating $1,800,000, to be divided among the company's stockholders. It is a fair conclusion, therefore, that if it hadn't been for the tight money market there would have been no suspension of the company. Its trouble was due to its effort to carry too big a load of turpentine and rosin at a time when banks were limiting rather than extending their credits. The statement of the committee makes the creditors of the company feel more comfortable and restores confidence if, in fact, it had been weakened, in the financial institutions that were known to hold large amounts of the company's paper. The naval stores situation is now pretty well understood and the fair showing made for it proves how incorrect was the statement sent broadcast in the objectionable dispatches.—Savannah News.

PROPOSED NEW SCHOOLS

Editor Morning Star: Now that the election for the school bonds has carried and we are assured of new and up-to-date buildings, we, as parents ought to give some thought to the kind and size of buildings that are to be erected by our school committees. After we have discussed the subject thoroughly, by means of our daily papers, the committee should then proceed with the assurance that they are carrying out the desires of the patrons.

We all admit that Wilmington has grown, is growing, and will continue to grow, at an astonishingly rapid rate. To be prepared for this growth and keep in touch with and control of it we must leave no stone unturned. If we would have a Greater Wilmington we must first of all prepare our children, so when the reins fall into their hands they can guide with greater wisdom and sureness than we have done. To this they must have both scholastic and technical training.

When buying the lots for the southern and northern schools let the committee try and secure at least a block for each building. Then the grounds could be well turfed, unfenced and used as playgrounds during vacations. Later, when our city grows, we might have vacation schools.

As for the buildings, each building should have at least ten modern class rooms, an assembly hall, and in the basement, rooms for cooking and sewing classes, for the girls, and manual training for the boys. The buildings should be properly equipped for fire protection and have all sanitary appliances. It would also be a good idea in planning these buildings to allow for open air schools on the roof. The day is almost here when we must have these open air schools for our frail children. We must remember that education is not the mere acquiring of book learning but rather the strengthening of the physical, moral and mental faculties of the child.

I would like to emphasize the need of at least ten class rooms in each building, for I see from the papers that the idea seems to be to plan for only four or five lower grades. These buildings are to be for the future, not merely the present, and wisdom demands we build accordingly. At the present rate of growth, in less than a decade we shall have to have a complete grammar school in each section. Why not prepare for it? When the Isaac Bear Memorial School was built we all thought its six class rooms sufficient; yet, before, the close of the first year, need for more room is felt and it must soon be supplied. Within a few years we shall have to have two separate buildings for our High School; so why not when erecting new grammar schools build buildings of sufficient size? A MOTHER.

Death of a Child

Many friends will sympathize with Mr. and Mrs. Clyde P. Montgomery, in the death of their daughter, little Mildred, which occurred Sunday afternoon at 4 o'clock, at the home, No. 1023 South Sixth street. Rev. W. L. Rexford held the funeral service yesterday afternoon from the residence and interment was made at Myrtle Grove Sound.

Aged, Wrinkled Faces Easily Rejuvenated

(From The Beauty Seeker.)

An aged face is often only a mask to a comparatively youthful person. Beneath is a countenance young and fair to look upon. It's a simple matter to remove the mask. Ordinary mercolized wax, to be had at any drug store, gradually absorbs the worn-out surface skin; in a week or two the user has the loveliest pinky white complexion imaginable. An ounce of the wax usually is sufficient to complete the transformation. It is put on at night like cold cream and taken off in the morning with warm water.

This remarkable treatment is invariably effective, no matter how muddy, sallow or discolored the complexion. Freckles, moth-patches, liver spots, pimples, blackheads and other cutaneous blemishes, naturally vanish with the discarded skin.

To remove wrinkles, here is a recipe that cannot be too highly recommended: Powdered saxolite, 1 oz., dissolved in ½ pint witch hazel. Use as a wash lotion. It acts instantaneously and is wonderfully effective.

WHILE INVITING THE ACCOUNTS OF THE business men of this community, we fully realize that there is something more to an ideal banking relation than the mere acceptance of deposits and payment of checks. We are constantly working out better ideas and methods for the handling of the accounts of our business men, and we feel that the service rendered by this Bank to its commercial depositors should appeal to you. A modern banking service embraces many features, and we will appreciate the opportunity to talk the matter over with you.

The Southern National Bank

WILMINGTON, NORTH CAROLINA.

EVERY WEEK

Every day in the week, every hour during the day, while its doors are open, the great store of

Gaylord-Platt Company

is offering you SPECIAL BARGAINS.

Special Bargains in things that we have secured at a Bargain. Special Bargains in Broken Lots. Special Bargains in Remnants of any kind. Bargains in goods the season for which is well advanced. Bargains in anything that is moving slow.

OUR SLOGAN IS: Cut the Price, and make it Go. It is more profitable to turn the money than to hold the article for a profit.

TO ILLUSTRATE: By taking a large quantity we have secured a Ladies' Fine Ribbed Summer Vest, a vest that always sells for 10c. Now we will put this lot of Vests on sale for 6c. each.

IN BROKEN LOTS: We have on hand many Ratine Hats in different colors and shapes. But only one and two of each color, and one and two of each style, all $1.50 and $1.25 Hats, which we will sell for 69c., until they are gone.

In Straw we have on hand many Large Shapes, of different color and style, hardly any two alike, all $1.25 Hats. As there are so few of the same kind, we will sell these for 48c.

Also a few small Milan Shapes, as many colors as there are Hats, $1.50 quality, for only 73c.

REMNANTS: Of Carpet, Matting or Dry Goods are always cut to a ridiculous low price, for we realize that we are wasting time and money waiting for a customer who wants JUST THAT MANY yards of either article.

THESE METHODS AND LOW CASH PRICES on all goods makes success and keeps the Big Store on North Front street full of customers, and free from hard and out of season stock.

210, 212, 214 North Front Street

COUNTY TO BORROW $25,000

Commissioners Authorize Chairman to Negotiate Loan—Dr. Akerman's Successor Not Named—Other Business

The Board of County Commissioners yesterday passed a resolution authorizing Chairman Willard to negotiate a loan of not exceeding $25,000 to pay the remainder of the cost of the bridge over Northeast river, and to provide funds for other necessary expenses until taxes for the new year begin to come in. A note for 60 days will probably be given. Preparations were made for advertising for bidders for $25,000 of the permanent road bonds recently voted.

Present yesterday were Chairman Willard and Commissioners Yopp and McGirt, County Attorney Bellamy and Auditor Orrell. Mr. W. A. Williams, clerk, kept a record of the proceedings.

No successor to Dr. Joseph Akerman coroner, was elected, same being postponed until the board can secure a copy of the new vital statistics act, which contains laws bearing on the duties of coroner. Meanwhile, should demand arise, the Clerk of Superior Court has power to appoint a temporary coroner.

There was no very important matter before the board, although there was a mass of minor business items of interest. The report of Road Superintendent Burnett aroused interest. It showed that during May 111 carloads of material were moved from the quarry. It was stated that during all of last year only 107 cars were moved, but it was also said that a good part of the time of the force last year had been spent in uncovering the rock at the quarry, which the force now gets the advantage of. The report also stated that the sand-clay road had been finished, and 7-10 of a mile of road had been built. The material noted above has been put on the Federal Point road, and material taken from along the road has been used for patching the Greenfield Pond road to the end of the railroad. The extension at the Northeast river bridge has been built to within 600 feet of the structure, carts being used to haul the dirt.

The 6,000 gallons of asphalt oil, purchased and used as an experiment to bind and preserve the roads, have been spread over 3 4-10 miles. One cart and one man are employed in repairs on the Shell road, and one man is patching the Whiskey Creek road, and patching has been done on the Federal Point road three miles out from the city. The record of Supt. Burnett is very pleasing to the Commissioners. "He is on the job," one of them said.

Citizens wishing a road along the north side of the Tidewater Power Company's tracks from the Lighthouse to the intersection of the tracks and the turnpike, through Villa View, appeared and the board told them that as soon as they had secured the names of the owners through whose property the road would pass, a deed would be drawn and the matter closed. The need of a road was plain, since the children going to and from school must perforce use the car tracks.

Capt. E. A. Metts, of the W. L. I., appeared in behalf of the military company, in regard to the annual appropriation of $600, and the board ordered $300 to be paid over now to the company, and $300 more in the Fall.

There was complaint about the Downey's ditch, which carries away water from Winter Park, property owners stating that a portion of it had filled up, and asked that it ha opened. It was referred to the road superintendent.

At the last meeting of the board, Mr. Joe Fenley was requested to appear with the Greenville road people who are complaining about his blocking the road, and yesterday both he and the protestants were on hand. The latter submitted a petition signed by 38 property owners, setting forth their reasons for asking that the board reopen the road, which, it is alleged, Mr. Fenley has blocked by a ditch. They stated that the road had been in public use for over 100 years, that there is no official record of its ever having been abandoned, that during the past two years property there has been developed 1,000 per cent more than it had been in the last 100 years, that the petitioners do not ask the county to improve the road, only to open it and keep it open, between the two improved roads, and that unless this is done, property will greatly depreciate there, and those who are interested in its development will be discouraged. The board postponed action until its next meeting to give Mr. Fenley an opportunity to answer the assertions made, the meeting to be held next Monday.

An order was passed making the special tax on trades, professions, etc., the same for the county as the State tax, under authority of Section 89, of the 1913 Machinery Act.

The Decarie incinerator matter came up for some discussion relative to the county's part of the undertaking, and it was decided to leave it wholly in the hands of Chairman Willard to act. The county has no contract with the company, its relations being entirely with the city; and its part of the agreement is to pay one-fifth of the cost of the site and the incinerator, and one-fifth of the maintenance cost. The city is paying for the incinerator with notes, but the first payment must be in cash, and the county is expected to pay the city its part in cash.

Messrs. Scull &McNorton, attorneys representing D. Mataxas, filed claim for $93 for wood destroyed by fire originated by the county's locomotive. As there are several such claims, the Commissioners decided to wait and get them all on file before taking action.

Mr. M. W. Jacobi appeared before the board in regard to a bad place in the road at Wrightsville, at a point where the former board commenced work, intending to raise the level and increase the width; but the work was never finished, so that while the level was raised, the width was narrowed, and high tides leave water standing in the road. It is considered dangerous to pedestrians because there is little room to pass speeding motors. The board promised aid as soon as possible. Mr. Jacobi said he would build part of a sidewalk extending along the road, if the other property owners would agree.

Bonds in the sum of $81,000 for the school funds and $25,000 for the general funds, given by Auditor Orrell in the United States Fidelity & Guaranty Co., were received, approved and filed.

Dr. W. D. MacMillan, county superintendent of health, made his report, noting especially unsightly and unsanitary conditions at the Castle Haynes camp, and the manner of taking care of the convicts' clothing at the Whiskey Creek camp; and the board will see to it that his recommendations are promptly carried out. He reported no sickness of any consequence in the county institutions; there were during the month three cases of diphtheria, three of scarlet fever, 27 of measles, five of whooping cough, eight of typhoid fever and one smallpox case reported. Ninety-nine patients were treated, two rooms fumigated and two nuisances abated. Suburban settlements were found in sanitary condition.

Mr. J. P. Herring, county demonstator, reported 82 visits to farmers, 22 days' work in May, two visits to Wrightsboro Truck Growers' Association. Frost and dry weather, he stated, had cut crops 50 per cent. Corn looks fine.

A communication was read from the Elks relative to decorations during the coming State convention, which is expected to be the biggest ever held in the city. The Commissioners thought the city should decorate and make a good show.

It was announced to the board that the whiskey held for evidence in cases appealed to the Superior Court, had been stolen from the office of the clerk of the Recorder's court; and the board ordered that hereafter such evidence be put in the vault in the basement, and instructed that a lock should be put on the vault sufficient to keep out whiskey thieves.

A letter was read from Dr. W. S. Rankin, of the State Board of Health, calling attention to the meeting of the State health officers at Morehead City the 16th, pointing out the value of having a representative there. The board thought the local health department should send a man, and left it with the chairman to act.

A communication from Miss Mary D. Cronly, relative to the road at Summer Rest, was referred to the permanent road committee to report back. An order was made transfering about $2,600 from the general funds to the school funds, which amount had through error been paid into the general funds.

Commissioners Moore, McGirt and Yopp were appointed a committee to revise the jury list. They will want to know whom the law exempts and to expedite their work, the board will advertise for the names of all persons exempted by reason of their occupation, from jury duty. Pharmacists, railroad telegraphers, pilots and ship captains, firemen and military men are among those exempt.

Richard L. Wilson, Delgado, was placed on the outdoor poor list at $1.50 a month. A. S. Middleton was refunded $2.63 tax which he had paid both here and in Sampson county.

Always Five Cents.

Night or afternoon, the admission at the Grand Theatre is now always only five cents. (advertisement.)

TO RICHMOND FOR MONEY

Old Dominion Trust Company, of Virginia, Makes Loan of $200,000 to City of Wilmington—It Is Now Available

Councilman Chadwick, in charge of the Department of Finance and Accounts, announced yesterday that he had borrowed from the Old Dominion Trust Company, of Richmond, Va., $200,000 for the City of Wilmington, in accordance with authority given him in a resolution adopted by the Council last Wednesday. The money is now available, but not over half of the amount will be needed at present, though it is anticipated that it will take it all to "tide over" until tax money begins to come in in the Fall.

The city will pay 6 per cent interest on the loan. The bank will allow the city 3 per cent on the daily balances. Councilman Chadwick said that he was not certain just how much money would be needed at present, but he thought at least $90,000 to $95,000 would be required to liquidate the outstanding indebtedness, including $30,000 due Wilmington bankers. That would leave about $100,000 on deposit in the Richmond bank on which the city is paying 6 per cent and receiving in return therefor 3 per cent in interest. Councilman Chadwick explained that it was necessary to borrow more than is needed at present as the Richmond institution did not care to make a loan for an amount less than $200,000. It is true, he said, that the Wilmington banks would have loaned the city whatever it needed, but it was felt, he continued, that if the loan could be negotiated in another city it would leave just that much more money in the Wilmington institutions to lend to others. He considered the city quite fortunate in being able to secure a loan for so large an amount outside of the town. "It is evidence," he said, "that the city not only has good credit in Wilmington but away from home as well."

The city is to pay back $50,000 of the amount borrowed on November 1st and the 1st of each month thereafter $50,000 is to be paid until the entire amount is liquidated, the last $50,000 being due February 1st.

It is nothing new for the city to borrow a small amount of money at this season of the year to "tide over" until tax collecting time in the Fall. However, it is necessary to borrow a large amount this year because of the legacy in the way of indebtedness left by the last administration.

Councilman Chadwick went to Richmond last week and negotiated the loan. He was accompanied by Mr. Thos. E. Cooper, cashier of the American National Bank, of this city. Councilman Chadwick was given assurance that the loan would be made but as the Old Dominion Trust Company desired to have its legal department look up the city's authority to issue notes, no announcement was made until word was received yesterday that the attorneys had passed favorably on the legality of the notes.

FURNACE ON THE WAY

Bright Prospects for Early Completion of Incinerator

Within a period of six weeks it is expected that the incinerator which is being built for the City of Wilmington will be completed and in operation. The finished plant will be one of the most modern apparatus of its kind in the entire South both in construction and in scientific efficiency.

The huge smoke stack which is 125 feet in height was recently completed, and the only work remaining to be done is the installation of the furnace. This was shipped Saturday from Minneapolis, and as soon as it arrives it will be put in place. It weighs, it is stated, over 80,000 pounds and in order to have it shipped it was necessary to tear it apart.

The incinerator is being so constructed that either wood, coal or oil may be used as fuel, though, it is claimed, that once a fire is started it will be unnecessary to use anything except the trash from the different sections of the city in order to keep it going. Its cost will be about $35,000, one-fifth to be paid by the county and four-fifths by the city.

MASONIC DELEGATES TODAY

Visitors Began Arriving Yesterday Afternoon and Last Night for This Morning's Session of the Grand Chapter

The Grand Chapter of Royal Arch Masons will open the 65th annual convention this morning at 11 o'clock in the hall of Concord Chapter No. 1. Delegates began arriving yesterday and last night and practically all of them will be present at the opening session. The second session will be at 3 P. M. and the last at 8 P. M.

The officers of the Grand Chapter are John E. Cameron, Kinston, High Priest; John T. Alderman, Henderson, Deputy High Priest; Albert S. Guerard, Asheville, Grand King; Geo. S. Norfleet, Winston-Salem, Grand Scribe; Martin S. Willard, Wilmington, Treasurer; James C. Munds, Wilmington; Secretary; Harry E. Reid, Lincolnton, Grand Captain of the Host; Orpheus W. Spencer, Salisbury, Principal Sojourner; Jos. F. Rhem, Newbern, Royal Arch Captain; Reuben H. Pickett, Wilmington, Grand Master Third Veil; John J. Phoenix, Greensboro, Grand Master Second Veil; Edwin Gladmon, Southern Pines, Grand Master First Veil; Rev. Morrison, Bethea, Williamston, Grand Chaplain; Robert H. Bradley, Raleigh, Grand Sentinel.

Tomorrow morning at 9 o'clock the Grand Council Royal and Select Masters will assemble for the 37th annual meeting, and the Order of Anointed Priestmood will be conferred.

The Grand Commandery Knights Templar, holds its 33rd annual conclave in the Asylum of Plantagenet Commandery No. 1, at 3 P. M. tomorrow and tomorrow night at 8:30 a banquet will be tendered to the visiting Companions and Sir Knights by Plantagenet Commandery and Concord Chapter, on the roof garden of the Masonic Temple, if the weather is propitious. If held there, this will be the first roof garden banquet in the history of the Temple.

Immediately following the banquet, the company will adjourn to the Bijou Theatre where a special feature in films will be given.

Thursday the visitors will be taken down the river on the steamer Wilmington, and Thursday night the final session of the triple Masonic gathering will be held.

Delegates are being met at the station by the reception committee in automobiles and everywhere a cordial welcome is given to the Masons, who hail from all parts of North Carolina. There are about 125 delegates.

Mr. John J. Phoenix, of Greensboro, who arrived yesterday to spend some days at Wrightsville Beach, is a Mason and devotes considerable time to fraternal work. While here he will attend the meetings of the Grand Chapter Royal Arch Masons and Grand Commandery Knights Templar. Mr. Phoenix is secretary and treasurer of the Masonic and Eastern Star Home, an institution built and supported by the Masonic bodies of North Carolina, for the care of the old and indigent members of the order.

Commenting on the progress of this institution, Mr. Phoenix said: "Our Home for indigent Masons and their dependent ones and the members of Order Eastern Star, located at Greensboro, is making fine progress and we hope to be ready to receive guests by July of this year. The Home was built by the Masons and Eastern Stars of the State and represents an investment of $22,000 for the building alone. The site was donated by two of our enthusiastic Masons, Mr. J. Van Lindley, and his son, Paul Lindley. This land is located near Lindley Park on the electric line and is easily worth $10,000.

"We are now engaged in a State-wide campaign for funds with which to purchase furniture and fixtures. The result of these efforts have been highly gratifying and up to date 13 rooms have been provided for. This represents about one half of the building.

"Mr. Caesar Cone donated $500 toward the building fund and recently made a further gift of $500 to furnish the dining room and also $75 to furnish one bedroom. Gen. J. S. Carr, of Durham, also furnished one bedroom. The example of these liberal Masons has been followed by others and we hope to be able to wind up our soliciting within the next 90 days.

"The applications for admission are numerous and urgent and the support of every Mason and Eastern Star in North Carolina is confidently hoped for."

Mr. Phoenix will be at Wrightsville for about 10 days, stopping at the Northrop Cottage.

Ruse That Didn't Work

A well-dressed white man, about 35 years of age, was found Sunday night about 10 o'clock, lying close to the curb of the sidewalk, on Red Cross, between Second and Third streets, apparently unconscious and under the influence of whiskey or a narcotic. The police station was notified and there being no odor of whiskey on the man, he was sent to the hospital, where Drs. Caldwell and Buchanan made a rigid examination, which led them to believe that the man was "faking" in order to draw his pay and secure his release from the British steamer Strathallen, now in port and on board which he is an engineers' steward. The man was kept at the hospital over night and it is presumed that he returned to the ship yesterday.

Accident on Dredge

Mr. W. D. Boone, employed on the government dredge at King's Bluff, was the victim of a bad fall from a ladder yesterday, and it was first thought that he was badly injured, but 'phone messages from the foreman of the dredge stated later that Dr. J. T. Devane, who had been called to attend the injured man, found no bones broken and it was not thought that serious results would attend the accident.

HOW TO GAIN HEALTHY FLESH

J. Hicks Bunting Drug Co., Advises Use of Samose

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attached.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good natural plumpness results.

An ounce of flesh is better than a pound of theory. J. Hicks Bunting Drug Company believe that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers and to induce them to use it they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

BAD AUTO CRASH.

Two Negroes Fatally Injured, Four Others Hurt—In Hospital.

Returning to the city Sunday afternoon from a "big meeting" on the Scott's Hill road, an old Mitchell car of the seven-passenger type, hired from the Pickard-Bleecker Auto Co., by Carl Bryant, colored, and driven by him, turned turtle and went into a ditch near the Seven-Mile post, perhaps fatally wounding the driver and Irene Maitz, colored, of East Wilmington, a passenger in the tonneau, while the four other colored occupants of the machine were slightly broken up. Bryant has been employed at the Colonial Inn as a porter and came here several years ago from Goldsboro. He hired the machine to take out a party for the ride and was returning when he turned to look back into the tonneau as the car was rounding a curve. At the speed being driven, the car failed to take the turn and fell over on its side, pinioning the two worst injured ones under the machine, while the four others were able to extricate themselves.

The Maitz girl was worst injured, having received a fractured skull, and a passing automobile brought her in to the hospital. Mr. E. Norfleet and Mr. Tom Simmons also happened to be passing and seeing the plight of the driver, they righted the machine and drove it back to town, carrying the driver also to the hospital. The machine was not badly damaged, except running gear, but Mr. Norfleet, as an act of humanity, brought the wounded negro to the hospital and returned the machine to the Pickard-Bleecker garage on Third street.

The injured negroes were attended by Dr. Caldwell and while it was thought the girl would not survive the night, she was still living yesterday, but was not expected to last much longer.

COMPLETE PROGRAMME OUT.

Merchants of State to Have Interesting Meeting at Beach.

Copies of the complete programme for the 11th annual convention of the Merchants' Association of North Carolina, which will be held at Wrightsville Beach June 17th, 18th and 19th, were received here yesterday from the office of the secretary in Charlotte. The outline of the programme was published in The Star last week and there has been no change in it.

The opening session will be held in the assembly hall of the Oceanic Hotel, Wrightsville Beach Tuesday evening, June 17th, at 8:30 o'clock, and at this meeting the visitors will be formally welcomed to Wilmington and the beach. President Joe Garibaldi, of Charlotte, will preside. Prayer will be offered by Rev. H. W. Koelling, of this city, following which addresses of welcome will be delivered. On behalf of the city of Wilmington by Mayor P. Q. Moore; on behalf of the bar, by W. P. Stacy, Esq.; on behalf of the Chamber of Commerce by Col. J. VanB. Metts; on behalf of the local merchants' association, Mr. E. H. Munson, the president, who is also vice president of the State association. The response to the addresses of welcome will be made by Mr. James E. Rector, of Asheville. Following the naming of a committee on credentials the session will adjourn.

The association will be in session Thursday evening. At the last meeting officers will be elected and the next meeting place will be selected. It is very likely that Mr. E. H. Munson, of this city, will be elevated to the office of president at this session. He is vice president and is next in line for the honor. As the secretary is always from the same town as the president, Mr. Munson's elevation to that office would mean the election of a local man for that position. The programme for the convention contains a number of addresses on topics of interest and importance to the merchants.

CLOSING EXERCISES HELD.

Fine Programme Rendered by Pupils of Miss Alderman's School.

The commencement exercises of Miss Mary L. Alderman's school were held yesterday morning. The year has been one of great success from every point of view. During the past month examinations were given, and all the students made most creditable records.

A feature of the exersises yesterday was the reading of the list of pupils who won prizes. One of the most hoveted honors is the Thomas Bagley Memorial Medal, whith was won this year by George Avant. This medal which is given to the one who makes the highest average is the gift of Mrs. E. Norfleet.

Excelsior medals were awarded Worth Williams and Herman Croom of the Junior Class, and Woodrow Matthews, Willie Thrower and Edward Register, of the primary class.

Those who won prizes for good scholarship were Miss Bessie Toon and Miss Lila May Brock.

Spelling prizes were awarded to Ethel Rowe, Julius Canady, Harris Canady and Billie Thrower. Punctuality prizes were won by Edward Register and Lillian Carpenter.

Best department in primary department: Aruthur Crider and Johnnie Frank. Those who have had no demerits for the term are Bessie Toon, Lila May Brock, Jessie Frieda Till, Florence Woodward Till and Marian Allen. Marion Leftwich was neither absent nor tardy during the year.

BLUE COATS AS CARPENTERS

Chief Williams and Headquarters Force Laying Floor Yesterday

The headquarters force was making itself useful as well as ornamental yesterday, turning itself into a force of carpenters. A new floor is being laid in headquarters and preparations for the addition of two new offices by the construction of a partition clear across the eastern side of the room. The call system machine will be moved into the middle of the three offices, and the desk sergeant with his blotter will occupy one while the chief and the Councilman in charge of Public Safety, when he is at headquarters, will occupy the other. Chief Williams was wielding the hammer yesterday along with the rest, and Captain Smith posed as head carpenter, showing 'em how to keep from mashing their thumbs.

"Too Much Parcel Post.

Big comedy offering at the Grand Theatre today. Always delightfully cool and pleasant. (advertisement.)

STEINWAY PIANOS.

Mr. A. R. CARROLL, representing Walter D. Moses & Co., of Richmond, Va., exclusive dealers in the world-renowned STEINWAY PIANO for this section, is in the city, and would be glad to confer with parties interested.

Mr. Carroll may be found at the Orton Hotel.

Wheelan, Mr. C. Wheelan, Jr., Mr. K. Woody, Mrs. E. G. Woody, Miss L. Woody, Mr Edward M. Stothers, and Miss B. Symmes.

* * *

Sunday's Savannah Morning News: "Miss Ruth Ely and Miss Elsie Ely will return Wednesday from Washington, D. C., and will be accompanied home by Miss Mary Bellamy, of Wilmington, N. C., Miss Katharine Crampton, of Mobile, and Miss Virginia V. Wright, of New York, who will be Miss Ruth Ely's guests for the month of June."

* * *

Mrs. Frank H. Stedman and children, of Fayetteville, who have been spending some time quite pleasantly with Mrs. Stedman's mother, Mrs. Eduard Peschau, returned yesterday morning to their home. They were accompanied by Mr. Stedman who came down last Thursday and with Mr. Walter Watson spent the week-end on a fishing expedition with his old friend, Mr. C. W. Yates.

* * *

Sunday evening at 7:30 o'clock, at the home of the bride's parents, Mr. and Mrs. James Lewis, 812 South Fourth street, Mr. S. P. Sikes, of Cronly, and Miss Mattie Lewis were united in marriage, the ceremony being performed by Rev. J. S. Crowley. Mr. Sikes holds a position with the Acme Fertilizer Company, of Cronly, and he and Mrs. Sikes will leave today for that place where they will make their home.

* * *

An informal reception was given last evening from 8:30 to 11 o'clock by Mrs. W. E. Yopp at her home, No. 516 Nun street, complimentary to Mr. E. A. Palmgren and Miss Emma Hazel Fleet, whose marriage will take place Wednesday, June 4th. The event was attended by a large number of friends of the young couple and proved a most thoroughly enjoyable evening for all. Tonight a reception will be tendered the couple by Mr. and Mrs. J. W. Fleet, parents of the bride-elect, at their home, No. 401 South Fifth street. The marriage of Miss Fleet and Mr. Palmgren will take place at Fifth Street Methodist church tomorrow afternoon at 5:30 o'clock.

* * *

BIRTH OF JEFFERSON DAVIS—U. D. C. WILL OBSERVE TODAY

This afternoon at 5 o'clock the Cape Fear Chapter, U. D. C., will hold exercises in celebration of the 105th anniversary of the birth of the South's premier statesman, Jefferson Davis, at the W. L. I. armory. Every member of the chapter is invited to attend and to bring one guest each. The programme arranged is historical, musical and social. There will be readings by Mesdames W. M. Creasy and Andrew J. Howell, solos by Mrs. J. W. Yates and Miss Till and a violin selection by Mrs. Meares Harriss; and a quartette, Mesdames Longfellow, Edwards, Muse and Smith, will close the exercises. Refreshments will be served.

* * *

Of the 51 nurses who successfully passed the examination before the State board in Asheville last week Miss Gertrude Pettway, of the 1908 class of the James Walker Memorial Hospital, this city, came third with an average grade of 92 1-2. Miss Lottie May Williams, of the Mission Hospital, Asheville, class of 1911, secured the highest average grade, 95 1-2; while Miss Mazie M. Stanford, of the 1913 class of St. Peter's Hospital, Charlotte, was second with average grade of 94 1-2. Out of the total of 52 nurses to take the examination 51 were successful in passing. This is the largest class that has ever appeared before the State board and the percentage of successful ones is the highest.

* * *

ROANOKE COLLEGE FINALS WILL BE HELD NEXT WEEK.

The commencement exercises at Roanoke College, Roanoke, Va., will begin next Sunday morning with the baccalaureate sermon which will be preached by Rev. Dr. A. G. Voigt, of Columbia, S. C., who is pleasantly remembered in Wilmington as one of the former pastors of St. Paul's Lutheran church. Sunday night the address before the Young Men's Christian Association will be made by Rev. W. A. R. Goodwin, of Rochester, N. Y.

On Monday morning the annual meeting of the board of trustees will take place. There will also be field day exercises and, at night a contest for orator's medal.

The address before the alumni association will be made Tuesday morning by Albert K. Heckel, of the University of Pennsylvania. The annual oration before the literary societies will be delivered Tuesday night by United States Senator Claude A. Swanson.

The exercises will be concluded Wednesday morning with addresses by the graduates, and the conferring of degrees. In the afternoon a reception will be given to invited guests.

* * *

KING'S DAUGHTERS AND SONS IN STATE CONVENTION TODAY

This morning at 10 o'clock in St. Andrew's Presbyterian church the 24th annual convention of King's Daughters and Sons in North Carolina will be opened by Rev. Dr. A. D. McClure, of St. Andrew's, and Rev. Dr. J. H. Foster, of the First Baptist church. Delegates to the convention arrived yesterday on every train and more will reach the city this morning.

After the morning session and luncheon, the party of delegates will be taken on the steamer Wilmington for a trip down the Cape Fear.

Tonight's session will be held in the First Baptist church. Tomorrow at 9:30 the convention will again assemble in St. Andrew's, and after the session, the Elks will entertain the delegates and local members at luncheon in the Elks' Home. At 3:30 all will go to Wrightsville Beach. The final session will be held Wednesday night in the First Baptist church. The Whatsoever and Hospital circles of the city will entertain the delegates during their stay. The Ministering Circle and the Linen Circle of the Hospital are cordially invited to attend the convention, and the public generally is also invited to attend.

* * *

PRIZE WINNERS IN THE SOROSIS CONTEST ANNNOUNCED.

The Sorosis Prize Contest has closed and the judges finished their work Saturday afternoon, when the prize winners were announced. The list is given below:

Most attractive yard over 50 feet—First prize, Mrs. F. E. Currie, Carolina Heights; second, Mrs. T. C. James, Carolina Heights. On car line—First, Mrs. W. C. Munds, Ninth and Market; second, Mrs. W. J. Clemmons, Third street extension; blue ribbon, Mrs. T. B. Willard, Third street extension.

Most attractive yard under 50 feet—First, Mrs. J. H. Hazelhurst, Carolina Heights; second, Mrs. J. J. Mohr, Eighth and Chesnut.

Best Kept Lawn over 50 feet—First, Mrs. W. A. Dick, 101 Nun. Under 50 feet, Mrs. Joseph W. Little, South Third. On car line, no entries.

Most beautiful hedge, not over three years old—First, Mrs. James Williams; first on car line, Miss Anna Swain, Sixth and Orange.

Most attractive display of bulbs—First, Mrs. Lee H. Simmons, Carolina Heights; second, Mrs. Walter Parsley, blue ribbon, Miss Lucile Murchison; honorable mention, Mrs. C. B. Bellois.

Most attractive mass of evergreen shrubbery—Mrs. V. R. C. King, Carolina Heights.

Best kept back yard—First, Mrs. William Latimer, Third and Orange; on car line, Mrs. Cuthbert Martin; honorable mention, Mrs. B. F. Hall, Mrs. Walker Taylor, Mrs. Geo. Hewlett, the latter the best kept having the least spent upon it.

Best kept plat between sidewalk and street—Mrs. William Beery, Fourth and Market; Mrs. Ed Warren, on car line, Sixth and Nun.

Most attractive first year garden over 50 feet—First, Mrs. J. V. Grainger, 813 Market; second, Mrs. Robt. Tapp, Carolina Heights; on car line, Mrs. W. J. Clemmons, South Third street; under 50 feet, first, Mrs. J. C. Smith, Winter Park; second, no entry; on car line, no entry.

Most beautiful old fashioned garden—Miss Eliza Bellamy, Fifth and Market. Vines—Most beautiful wisteria, Mrs. J. H. Runge; most beautiful jassamine, Mrs. Eugene LeGrand; most beautiful bamboo, Mrs. W. A. Williams; most beautiful honeysuckle, Mrs. Mamie Reaves, No. 1088 North Fourth; most beautiful blue bell, Mrs. C. C. Brown.

Most attractive personally attended garden—Mrs. J. H. Hazelhurst, Carolina Heights.

Cottage gardens, along car line, first, Mrs. F. B. Rice, 108 Castle; second, no entry. North of Market, first, Mrs. Eugene LeGrand, Carolina Heights; second, Mrs. Julian Taylor, Carolina Heights. South of Market, first, Mrs. Quelch; second, Mrs. Tom Wood, South Third; honorable mention, Mrs. W. W. Thigpen, Mrs. A. W. Watson.

Best display of potted porch plants or boxes—North of Red Cross, Mrs. White, No. 711 Red Cross; south of Ann, Mrs. Anna C. Tiencken, North Ninth.

Most attractive window boxes—Union school, first, Mrs. St. Amand; second, Miss Howes. Hemenway, first, Miss Keith, sixth grade; second, Miss Sue Boone, fourth grade. Bear Memorial, first, Miss Jackson, first grade; second, Miss White. Especially beautiful are the Bear Memorial window boxes, appearing in nearly every window, and adding attractiveness to the school building.

Most attractive bed of pansies—Miss Boesch, Fourth and Brunswick.

Plaza between Seventh and Eighth, blue ribbon.

Most improved school yard in county—First, Masonboro; second Castle Haynes.

The prizes for roses, hydrangeas, zenias, canas, the prizes for colored people and the school garden prizes will be published in Sunday's paper.

The judges have acted conscientiously and have enjoyed looking at the gardens. The back yards judged were worthy of mention. All those appearing upon the list were beautifully kept and beautified. It was hard to make a decision, the one gaining the prize having had more spent upon it to transform it into a beauty spot.

It is to be regretted that in some cases here were no entries, several prizes offered but not won by any persons, yet the judges noticed along the car line many attractive yards, which could easily have won a prize had they entered as contestants.

A long list of persons entered for the standing and climbing rose prizes but only a few have phoned the judges, who were waiting to be called when the roses were at their perfection. For this reason the list will be left open for the next week, so that the privilege will be given those who overlooked notifying judges.

Many of the prize yards will be photographed and the pictures will be sold on post cards for "City Beautiful Views."

Wrightsville Beach

Col. W. B. Person, of Pikeville, arrived yesterday to spend some time at the Seashore Hotel.

Mr. I. Shrier and family will move to Wrightsville Beach today. They will occupy their cottage.

Mr. and Mrs. A. B. Skelding have moved down to the beach for the Summer, occupying their cottage near Station Two.

Mr. and Mrs. O. T. Wallace, of Wilmington, registered yesterday at the Oceanic Hotel, where they expect to spend several days.

Under the direction of Prof. John F. Kneisel, the Oceanic Hotel Orchestra will begin the season Thursday of this week. The orchestra is composed of five pieces.

Mrs. Geo. L. Morton and Miss Eliza Morton, of Atlanta, Ga., are expected to arrive on the beach in a few days to visit Mrs. Morton's sister, Mrs. Clarence D. Maffitt.

Mr. and Mrs. Jos. Strange and daughter, Miss Kate Strange, of Orange, N. J., have arrived from Fayetteville to spend several weeks at the beach, guests of Mr. and Mrs. R. H. Northrop.

Mrs. Chas. E. Hooper will spend the month of June with relatives in New York City. She will come to the beach about July 1st to join her husband, who is the popular manager of the Oceanic Hotel.

Among the week-end guests at the Oceanic Hotel were W. B. Cooper, Siler City; J. J. Barnes, J. J. Moore, H. T. Brown, C. Yopp, F. M. Lewis, Burgaw; Wm. O. Soderquist, Bannerman's; C. H. May, Atlanta.

Manager Chas. E. Hooper, of the Oceanic Hotel, is making ready for the entertainment of the several hundred Elks who will be here Thursday and Friday for their annual convention. The visitors will begin arriving at the beach tomorrow.

Painters were busy yesterday painting the handsome pavilion that has just been built on the ocean side of the Oceanic Hotel. The pavilion will be completed and lights turned on by the latter part of the week. It is a decided addition to the hotel.

Capt. W. M. Wells is expected to arrive today with the Seashore Hotel's fleet of three fishing boats. Capt. Wells has been operating the fish boats out from the Seashore Hotel for several years and is well known to all the anglers who visit the resort.

The Oceanic Hotel's fleet of fishing boats were brought around yesterday from Swann's Quarter and are now ready for the season's business, which promises to be brisk. The boats, three in number, two sail crafts and one gasoline launch, are in charge of Capt. Walker.

Mr. and Mrs. C. M. Burns, Jr., of Wadesboro, who were the first to register at the Oceanic Hotel this season, left yesterday for home after spending the week-end at the resort. They will return to the beach on June 26th with a party of friends for a longer stay.

The concert of the orchestra at Lumina Sunday afternoon and again at night was enjoyed by many hundreds of people, whose applause was liberal and at times very liberal, showing real appreciation of the classical numbers and their artistic rendition. Director Kneisel has selected his orchestra with care and in the opinion of his audiences, he has succeeded well. Concerts are given every afternoon at 4 o'clock and every evening at 8 o'clock, the music at the latter, of course, being largely for the dancers.

Among the week-end arrivals at the Seashore Hotel, not previously mentioned, were Joe Stone, Albany, N. Y.; S. Stanley, U. S. A., Fort Caswell; C. S. Steel, Columbia; William Simpson, Charlotte; R. C. Allen, Muskogee, Okla.; Mr. and Mrs. E. F. Perry, Portland, Me.; W. S. Bond, New Orleans; Chas. C. Glaggett, Baltimore; Walter H. Powell, Whiteville; Leroy N. Still, Richmond; Lewis Grant, Jr., Charlotte; F. Robertson, Birmingham; Mr. and Mrs. Ray E. Caldwell, Burgaw; Mrs. Lottie Gaylor, nurse and child, Burgaw; S. A. Dillon, Petersburg, Va.; William Morrison, Atlanta; W. D. Saunders, Baltimore; R. T. Stedman, Winston-Salem; W. H. Ruff, D. J. LaGrove, B. F. Eubank, Columbia; W. H. White, Norfolk; Mr. and Mrs. F. K. Dickerson, Atlanta; Mr. and Mrs. Ed J. Byrne, Atlanta; F. Lomas, Washington, D. C.

Mr. W. E. Pennington arrived Sunday to assume his duties as chief clerk at the Oceanic Hotel. Mr. Pennington has been chief clerk at the Seashore Hotel for several seasons and is well and most favorably known to all beach visitors. He has been most cordially greeted upon his return to the resort for another season. Mr. Pennington is an expert telegrapher as well as a finished hotel clerk and withal a man of many fine parts. Because he prefers it to a permanent job in one place, Mr. Pennington works with the Atlantic Coast Line as relief telegraph operator except the three months in the year he spends at Wrightsville Beach. Although he is not at his accustomed place; "Bill" Pennington is on the beach just the same; if he were not there would be a void at the resort.

Among the arrivals yesterday was Mr. John J. Phoenix, of Greensboro, who will spend a few days at the resort, fishing and surf bathing. He considers Wrightsville Beach the ideal resort for the tired business man seeking a rest. Mr. Phoenix spent the entire season at the beach last year and he could hardly wait for the resort to open this season to return. Mr. Phoenix is identified with the Cones at Greensboro. He is president of the Mercantile Company, which corporation conducts a chain of stores at the different cotton mills near Greensboro. Mr. Phoenix is also vice president of the Textile Bank, a savings and commercial bank operated in the interest of the mill operatives and the residents of the surrounding country. While here Mr. Phoenix will attend the meeting of the Masons, in session in Wilmington Tuesday, Wednesday and Thursday.

Death of An Infant.

Sarah Louise Colbourn, infant of Mr. and Mrs. P. J. Colbourn, died Sunday morning at 10:30 in the James Walker Memorial Hospital, and the remains were taken to Pocomoke, Va., for interment. Their friends sympathize tenderly with the bereaved parents.

PERSONAL PARAGRAPHS.

—Mr. H. C. Curtis, of Southport, was in the city yesterday.

—Mr. B. F. Steffler, of Southport, was a visitor to the city yesterday.

—Mr. C. H. Weathersley, of Kernersville, was an Orton guest last evening.

—Mr. W. F. Richter has returned to Wilmington to live after spending a few months in Charleston, S. C.

—Among the arrivals at The Orton yesterday were Messrs. R. E. Lewis, H. G. James, J. H. Snowden and Dr. J. B. Griggs, of Elm City.

—Among the prominent visitors in the city is Mr. Jas. H. Southgate, of Durham, who arrived yesterday and is stopping at The Orton.

—Mr. Julian L. Springs, of Lake Waccamaw; Mr. L. R. George, of Kinston, and Mr. P. H. Davis, of Whiteville, were registered yesterday at The Orton.

—Among the Masonic delegates who arrived yesterday was Mr. Albert S. Guerard, of Asheville, who is one of the State officers of the three Masonic bodies which meet today and tomorrow.

—Ex-Mayor William E. Springer left yesterday for Durham, N. C., where he will attend Trinity College commencement and the meeting of the board of trustees of that institution, of which he is a member.

—Maj. W. H. Bernard left yesterday morning for Fayetteville, where he expects to spend several weeks at the home of his brother-in-law, Mr. Frank H. Stedman, perhaps later accompanying the family to the mountains where they will spend a part of the Summer.

LOCAL DOTS.

—James Lowe, colored, was arrested Sunday morning on charge of selling whiskey and beer. He had been getting too much of the goods and a search and seizure warrant brought forth "empties" galore and some beer and whiskey. He will be tried today. This was the first arrest under Chief Williams' administration.

—The Clerk of Superior Court yesterday issued an execution against Mr. B. F. Brittain to satisfy a judgment obtained by Mr. T. D. Piner for $157. Mr. Brittain gave a stay bond. The amount is claimed for repairs to an automobile. Mr. Brittain claims that the bill was contracted by a cousin and that he told Mr. Piner before the work was done on the auto that he would not be responsible for the amount.

FUNERAL OF MRS. GRAY

Services Held From Residence Sunday—Interment in Bellevue

The funeral of Mrs. Adline B. Gray, widow of Mr. Thomas B. Gray, whose death occurred late Saturday night, was held Sunday afternoon at 4:30 o'clock from the residence, No. 617 Castle street, in the presence of a large concourse of relatives and friends. The services were conducted by Rev. G. T. Adams, assisted by Rev. E. E. Aubrey. The interment was in Bellevue cemetery, and the beautiful floral designs attested the love and esteem in which Mrs. Gray was held by many friends. The pallbearers were Messrs. H. W. Howell, E. J. Grimsley, C. W. Woolard, J. S. Lane, B. W. Jacobs and Capt. W. A. Canady, the first five being members of the police department, in which a son of the deceased lady, Mr. Marcus C. Gray, has been acting sergeant for several months.

DIDN'T THINK COULD LIVE

Mrs. Mitchell Was Given Up to Die. Health Had Been a Wreck for Years.

Morganton, N. C.—"My health had been a complete wreck for years," says Mrs. C. C. Mitchell, of this city.

"When I was only 16 years old, I commenced to suffer. I caught cold and it went into a fever.

I stayed in bad health and though I used all kinds of medicine, I got no relief until I tried Cardui, the woman's tonic.

Cardui cured me. It is the best medicine I ever used. I cannot praise it enough.

Then, some time ago, I was taken down again very bad. The doctors all said I could not live, and they gave me up. I used Cardui, and was greatly relieved. Now I am entirely well.

Cardui is a good medicine, and worth its weight in gold. I will keep it in my home all the time, as I do not want to be without it."

If you are weak, tired, worn out, or suffer from any of the pains peculiar to women, such as headache, backache, pains in sides, or limbs, or any other symptoms of womanly trouble, you should begin taking Cardui, the woman's tonic, without delay.

It has benefitted more than a million women in the past half century, and it will help you, too.

Try Cardui.

N. B.—Write to: Chattanooga Medicine Co.; Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, 'Home Treatment for Women," sent in plain wrapper.

FUNERAL OF MR. ARTILEY

Held Yesterday in Savanah—Interment at Williamsport, Pa.

The remains of Mr. John D. Artiley, who lost his life in the surf at Wrightsville Beach Saturday afternoon, were taken to the home of his father, Mr. A. A. Artiley, Savannah, Sunday afternoon. The funeral was held from the family residence in that city yesterday at 12 o'clock, and the remains taken to Williamsport, Pa., the old home of the family, where interment will be today.

Accompanying the remains Sunday afternoon were Dr. Cannon, of the Marine Hospital, and Mr. T. L. Hubbard, Jr., of the A. C. L. A large number of his former associates and friends in the A. C. L. offices followed the hearse to the union station Sunday. The pallbearers were Dr. Cannon, Dr. Wheeler, Messrs. George Honnet, L. Stein, C. W. Woodward and T. L. Hubbard, Jr. Two brothers of the deceased, Messrs. W. H. and A. T. Artiley, of Savannah, came in answer to the wire announcing Mr. Artiley's death, arriving Sunday morning.

There is widespread sympathy for the young wife and family of Mr. Artiley, who was held in highest esteem by every one who knew him. The pallbearers were chosen, two each from the Wilmington Lodge of Elks, two of the young man's associates at the Atlantic Coast Line, and two members of the staff of Dr. Chas. W. Stiles, now in charge of the research work here in the United States Public Health Service, Dr. Stiles himself having also been present in full army uniform, in recognition of Mr. Artiley's heroic rescue of the member of his staff when he lost his own life.

Stonewall Lodge Elects

At the meeting last night of Stonewall Lodge No. 1, Knights of Pythias, officers for the ensuing term were elected, as follows: Chancellor Commander, Rev. J. S. Crowley; Vice Chancellor, H. J. Southwell; Prelate, W. C. Owen; Master of Works, R. A. Davis; Master-at-Arms, T. E. Davis; Inner Guard, A. L. Council; Outer Guard, P. L. Page.

RESINOL WILL STOP THAT ITCH

Brings Instant Relief and Quickly Clears Away Skin Eruptions.

No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sores and the suffering stops right there! Healing begins that very minute, and your skin gets well so quickly you feel ashamed of the money you threw away on useless, tedious treatments

Wherever drugs are sold, you can be just as sure of finding Resinol Ointment as court-plaster or a toothbrush. This is because doctors have prescribed it so regularly for the last eighteen years that every druggist knows he must keep it constantly in stock. It comes in opal jars, for fifty cents and one dollar, or you can try it at our expense. Resinol Ointment is most effective for healing sores, boils, wounds and piles. Write today to Dept. 5-M, Resinol, Baltimore, Md., for a sample of Resinol Ointment and a miniature cake of Resinol Soap.

For Bright Eyes and Clear Nose

Remarkable Catarrh Cure That Gets Right into the Affected Parts and Stops Gatherings.

S. S. S is a Wonder for the Eyes, Nose and Throat.

It is definitely known that catarrh can be cured by the simple process of inoculating the blood with antidotal remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or, as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, through all the veins and arteries, and enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at $1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write in confidence to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S of your druggist.

NOTICE!

The Board of Commissioners of New Hanover County are now revising the jury list. The following persons are exempt from jury duty and are requested to hand to the undersigned their names so that their names will not be put in the jury box. All practicing physicians, licensed druggists, telegraph operators, train dispatchers, regularly licensed pilots, ministers of the gospel, active members of military companies to be certified to by commanding officer, and contributing members of same, funeral directors and embalmers, U. S. railway postal clerks and rural free delivery mail carriers, locomotive engineers and railroad conductors in actual service, and active members of a fire company.

W. A. WILLIAMS,
Clerk.

SHARP ADVANCE IN COTTON

Government's First Crop Report of Season Tends to Strengthen the Market—The Close Steady at a Net Gain.

New York, June 2.—The Government's first crop of the season caused a sharp advance in the cotton market today, and the close was steady, at a net gain of from 2 to 9 points.

The market opened steady, at a decline of 7 to 13 points on the old crop and of 3 to 5 points on new crop position, owing to lower cables, good weather over the holidays and favorable weather forecasts. New crop positions sold about 5 to 8 points net lower, shortly after the call, with both October and December contracts breaking through the 11-cent level for the first time since early last month. There was enough scattered realizing by recent sellers to check the decline around this level and rallies of 2 or 3 points occurred from the lowest, but the talk around the ring was generally bearish, owing to expectations that the government report would show a condition well over the ten-year average, and to feel that the crop outlook had improved since the Government data were secured as a result of favorable growing conditions. The report, however, made the condition of the crop 79.1, compared with 78.9 last year, 87.8 in 1911, and the ten-year average of 79.9. Private reports published last week had averaged over 82 per cent, and the official figures consequently came as a decided surprise. Immediately after their publication covering became active and prices were soon selling 5 to 14 points above the closing figures of last Thursday. July rallied from 11.35, the low point of the morning, to 11.55, while October advanced from 10.98 to 11.19, or within seven points of the recent high level. Realizing checked the advance around this level and the market eased off 4 or 5 points from the best.

Spot cotton, quiet, unchanged; middling uplands, 11.80; sales, none.

Futures closed steady.

CHICAGO GRAIN MARKET.

Sectional Rains Cause Notable Decline in Wheat.

Chicago, June 2.—Wheat today declined sharply, chiefly because of rains in Western Kansas and in parts of Oklahoma. The market closed weak, at a net loss of 1¼ to 1¼@1⅝@1½c. Latest prices for corn were a shade to ⅛c. off and for oats, ¼c. down to 1-16 gain. In provisions the outcome varied from 2½c lower to an upturn of 7½c.

Cash grain:

Wheat—No. 2, red, 1.01½@1.05½; No. 2, hard, 93@94½; No. 1, Northern, 93@94½; do. No. 2, 91@93; No. 2, Spring, 91@92; velvet chaff, 90@95; durum, 90@96.

Corn—No. 2, 58@58½; No. 2, white, 59@59½; No. 2, yellow, 58@58¾.

Oats—No. 2, 38@39; No. 2, white, 40¾@41; standard, 40½@41.

Wheat—July, 90¾@90¾; September, 90%@90¾; December, 92¼@92⅝.

Corn—July, 57⅜@57½; September, 58⅛; December, 56⅝.

Oats—July, 38@39; September, 38⅜@38½; December, 39½@39¼.

Pork—July, 20.32; September, 10.92½.

Lard—July, 11.10; September, 11.12½; October, 11.10.

Ribs—June, 12.00; July, 11.80; September, 11.45; October, 11.12½.

LIVERPOOL COTTON MARKET.

Liverpool, June 2.—Spot cotton, in fair demand; prices easier. American middling fair, 7.11; good middling, 6.77; middling, 6.57; low middling, 6.41; good ordinary, 6.05; ordinary, 5.71.

The sales of the day were 8,000 bales, of which 500 were for speculation and export, and included 7,500 American. Receipts, 11,000 bales, including 9,000 American.

Futures opened quiet and closed steady. June, 6.42; June and July, 6.38; July and August, 6.36½; August and September, 6.27; September and October, 6.16; October and November, 6.10; November and December, 6.07; December and January, 6.06; January and February, 6.05½; February and March, 6.06½; March and April, 6.07½; April and May, 6.08½; May and June, 6.09.

FINANCIAL MARKET.

New York, June 2.—Money on call, firmer at 2½@3 per cent.; ruling rate, 3; closing bid, 2¾; offered at 2¾. Time loans, steady. Sixty days, 3¾@4 per cent.; ninety days, 4 per cent.; six months, 4¼ per cent. Prime mercantile paper, 5½ per cent.; Sterling exchange, steady, with actual business in bankers' bills at 4.8310 for sixty day bills, and at 4.8660 for demand. Commercial bills, 4.82¼. Bar silver, 60. Mexican dollars, 48. Government bonds, steady; railroad bonds, heavy.

Musical instruments composed principally of wood suffer more from the climate in India than any other wooden articles.

CONDITION OF COTTON CROP

Crop Report of the United States May 25, Was 79.1 of a Normal, According to Statistics of the Department.

Washington, June 2.—The newly planted cotton crop of the United States showed a condition on May 25 of 79.1 per cent. of a normal, the United States Department of Agriculture's crop reporting board announced at noon today in the first condition report of the season, which always is looked forward to with great interest by cotton growers, textile manufacturers and cotton dealers. This condition, compiled from the report of the correspondents and agents of the department's Bureau of Statistics, compares with a condition of 78.9 per cent. on May 25 last year, 87.8 per cent. on the corresponding date in 1911, 82.0 per cent in 1910, and 79.9 per cent., the average condition for the past ten years on May 25. The generally favorable growing conditions throughout the cotton belt since the planting of the crop had caused much speculation as to the condition of the plants, and resulted in unofficial estimates ranging from 79.8 per cent. to as high as 85 per cent.

The area planted to cotton this year also has been the subject of much speculation in cotton circles, but the Department of Agriculture's official estimate will not be issued until July 3, owing to the passage of the law last year, which deferred this annual report from June to a month later. Unofficially, the area planted this year is estimated by the most conservative at an increase over the 34,283,000 acres picked last year. These unofficial estimates range from a 3 per cent. increase upward. A 7 per cent. increase in the acreage planted would indicate an area of about 35,311,000 acres.

Comparisons of condition on May 25 of this year, last year and the ten-year average condition, by States, with the revised figures of the Department of Agriculture showing the area picked and the yield per acre in pounds last year, follow:

State.	1913.	1912.	10-y. av.	Acreage.	Yield.
Va	83	80	85	47,000	250
N. C.	76	87	82	1,545,000	267
S. C.	68	83	80	2,695,000	200
Ga	69	74	81	5,225,000	150
Fla	83	75	84	224,000	113
Ala	75	74	80	3,730,000	172
Miss	81	72	78	2,889,000	143
La	81	69	78	929,000	193
Tex	84	86	79	11,338,000	200
Ark	85	73	79	1,991,000	190
Tenn	87	74	81	783,000	169
Mo	90	74	83	103,000	200
Okla	87	78	82	2,695,000	187
Cal	96	96		9,000	450
U. S.	79.1	78.9	79.9	34,283,000	190.9

For the purpose of comparison, the condition of the cotton crop in the United States, monthly for the past ten years, and the average yield per acre of each year in pounds, with the ten-year averages of each, are given below:

Years:	May	Jun.	Jul.	Aug.	Sep.	Av.
1912	78.9	80.4	76.5	74.8	69.6	190.9
1911	87.8	88.2	89.1	73.2	71.1	208.2
1910	82.0	80.7	75.5	72.1	65.9	170.7
1909	81.1	74.6	71.9	63.7	58.5	154.3
1908	79.7	81.2	83.0	76.1	69.7	194.9
1907	70.5	72.0	75.0	72.7	67.7	178.3
1906	84.6	83.3	82.9	77.3	71.6	202.5
1905	77.2	77.0	74.9	72.1	71.2	186.1
1904	83.0	88.0	91.6	84.1	75.8	204.9
1903	74.1	77.1	79.7	81.2	65.1	174.5
Av. '03-12	79.9	80.2	80.0	74.7	68.6	186.5

The tentative dates for the issuance by the Department of Agriculture of reports on the condition, acreage and production of cotton this year are:

July 3, condition as of June 25 and acreage planted.

August 1, condition as of July 25.

September 2, condition as of August 25.

October 2, condition as of September 25.

December 12, estimate of crop yield.

These reports will be announced at noon on the dates mentioned, except that on production, which will be issued at 2 P. M.

Two Utah men have patented a simple implement which cores and quarters an apple in the same operation.

HEAVY PRESSURE ON STOCKS

Great Increase in Volume of Business Causes Prices to Break Several Points—Canadian Pacific a Weak Feature.

New York, June 2.—Heavy pressure was directed against stocks today and on an increased volume of business prices in many instances broke several points. Canadian Pacific, the exceptionally weak feature, fell 13 points, a loss within a week of 23 points. Union Pacific declined 4⅜; Reading, 3; Amalgamated Copper, 2½, and other standard issues 1 to 2 points. Over 30 stocks, of which Atchison, Canadian Pacific, New York Central, Northern Pacific, Pennsylvania and Union Pacific are the most prominent, broke to the lowest reached this year. The average price of active stocks fell to the lowest since 1909.

The action of the market was determined largely by the attitude of foreign holders of American Securities. The unpleasant impression made abroad, particularly in France, by the St. Louis and San Francisco bid to a slump in Americans in London during the holiday period here, in which Canadian Pacific broke nine points. When trading was resumed here, London came into the market as a heavy seller, not only of Canadian Pacific, but Union Pacific, Steel, Amalgamated and other stocks.

Sales for London account, amounting to 30,000 or more shares, were instrumental in forcing off prices sharply at the outset.

The weakness was accentuated by bear selling here, and by insistent pressur against Union Pacific, due to disappointment over the latest plans for dissolution of the Harriman system. Reading also was under pressure, but Southern Pacific was relatively firm. There was evidence of liquidation among the standard stocks and the undertone was feverish and unsettled to the end.

Other declines were shown in the fortnightly report of European Copper stocks, which are 2,500 tons lower than at the middle of May, and 12,000 lower than a year ago. Exports of Copper for May showed weakness in spots, with the general movement downward. Total sales, par value, $1,989,000. United States bonds, unchanged on call. Total sales of stocks today were 519,000 shares.

Guaranteed. We also manufacture Center Crank and Side Crank Engines, saw mills, smoke stacks, tanks, forges and all kinds of machinery, mill supplies, pipe, galvanized roofing, etc. Write for Catalog.

Schofield Iron Works
Dept. H Macon, Ga.

BY VIRTUE OF AUTHORITY VESTED in us by resolutions of the stockholders and also Board of Directors of the Dill-Cramer-Truitt Corporation, we shall offer for sale at public auction for Cash, on Tuesday, June 24th, 1913, in front of Post Office, in Suffolk, Va., at 12 o'clock, noon, all the standing Pine, Cypress and other Timber holdings of said company on 20,000 acres, more or less, of land in Onslow and Pender counties, in North Carolina, and fully described in deeds to said company, duly registered in the office of the Register of Deeds for said counties; a list of which said deeds may be had upon application to the undersigned.

The timber is conveniently located for shipment by either the Atlantic Coast Line R. R. or Norfolk Southern R. R.

At said sale, no bid will be accepted by the auctioneer unless the bidder deposit with the auctioneer a certified check on some reputable bank for the sum of $50,000.00, said check to be returned to the bidder if he should fail to become the purchaser of the property; otherwise, to be used as a credit on the purchase price.

Any party or parties desiring more detailed information in reference to said Timber can secure the same upon application to the officers of the company.

ON TRAIL OF THE "INSIDIOUS LOBBY"

(Continued from page One.)

ed $5,000 in a purchase mortgage on an orange grove. He had been before a Senate sub-committee dealing with citrus fruits, finding that the Ways and Means committee had an erroneous idea of the size of orange boxes and had consequently cut the present rate on citrus fruits more than the 50 per cent. intended. He explained he drafted an amendment to cure that defect and presented it to the sub-committee.

Senator Catron told the committee he had substantial interests in lands in New Mexico on which were lead, zinc, coal and timber. He testified that should he vote for free coal, he would be voting from $25,000 to $40,000 out of his own pocket.

Senator Clapp testified he had never tried to influence any other Senator. When the Canadian reciprocity bill was up in 1911, he opposed a reduction in the duty on wheat and made a speech against it he said. Senator Clapp said he did not represent any one interested in tariff.

Senator Burton, of Ohio, said he believed there were fewer "legislative agents" or representatives here than during previous tariff sessions. He declared improper influences were exerted by bombarding Senators with "inspired telegrams" rather than by interviews with them.

Senator Burton read a statement in which he said: "In more than 20 years' membership in the House and Senate, no outsider either from Washington or elsewhere has ever made any proposition or suggestion to me which smacked in the least degree of corruption. Representatives of organized labor have been most insistent in their demand, but as I think with no intention of using improper methods.

"The two matters which have seemed to me to require the most careful scrutiny have been the controversy in connection with the isthmian canal route, that is the choice between Panama and Nicaragua, and legislation for grants of water power."

Senator Chamberlain, of Oregon, declared it was impossible to recall the names of all tariff callers, because he often listened to arguments without knowing the names of the speakers. Those interested in the wool schedule particularly had visited him, he said.

Printed slips in favor of free sugar had been sent him by consumers, Senator Chamberlain said, and like slips in regard to insurance policies.

Senator Clark, of Wyoming, the first witness at the night session of the committee, said he was interested in a small coal mine near his home. "I have never tried to influence any Senator," he said, "but if I thought my influence was of any weight I would use it toward saving a duty on coal. I have always believed in a duty on coal, even before I became interested in a small way personally. I think that is perfectly proper."

The Senator said he knew of no organized lobby.

Senator Cummins wanted to know whether efforts to force a legislator to accept the judgment of the majority of his party constituted "lobbying." Senator Clark replied that "in a multitude of counsel there is wisdom," but expressed the opinion that every legislator should cast his vote upon the merits of a proposition.

Senator Jackson, of Maryland, testified that he was a director and secretary and treasurer of a lumber company, owning one-third of the company's $500,000 stock; president of a shirt factory and a "very small minority stockholder of the steel trust."

Questioned by Senator Cummins, the Senator said he thought the Underwood bill would injure the lumber business.

Senator Chilton told the committee he was interested in some small coal lands in West Virginia and oil and gas lands in Ohio. He said he had never tried to influence any Senator, except to ask them to be good Democrats and abide by the party caucus.

LEO DAVIS TRIED.

Negro Wanted in South Carolina and Florida Sentenced at Maxton.

(Special Star Correspondence.)

Maxton, N. C., June 2.—The first Recorder's court for Maxton was held this morning, Recorder G. B. Sellers presiding. His first case was that of the negro Leo Davis, who was arrested for breaking into a local pressing club and stealing various articles of wearing apparel.

This is the negro who, on being arrested, began to confess to a murder he claimed to have committed in Jacksonville, Fla., but a wire sent to that city brought the response that no such crime had been committed there. Later word came that such a crime had been committed in Tampa and Chief Dunlap wired them about the confession. A wire from the Tampa chief asked that a full description of the negro be sent. This was done last night. As yet no answer has been received to this wire and when the case was called before the Recorder the negro was sentenced to the roads for 12 months for the crime committed here.

While in the lock-up here he told some negroes, who were with him, that he did not mind a road sentence, but that he did not want to go back to Florida, that it was sure death to him there.

GREENSBORO ORGANIZES.

Just Freight Rate Association Formed in Gate City.

(Special Star Telegram.)

Greensboro, N. C., June 2.—At a well attended meeting of Grensboro citizens and of the county here tonight the Guilford county branch of the State Just Freight Rate Association was organized with the following officers: J. G. Frazier, president; J. W. Patterson, vice president; J. C. Forreston, secretary-treasurer; C. H. Ireland, J. M. Scott, R. C. Strudwick, T. D. Gilliam, R. R. Ragan and J. Allen Holt, board of directors.

Ex-Senator J. Allen Holt presided and opened the meeting with a strong speech for redress from present freight rate discrimination, declaring railroads were levying an unjust tax upon every inhabitant of the State.

J. G. Frazier, president of County Farmers' Union, said farmers were glad to at last have the co-operation of merchants, manufacturers and bankers to aid them in redress of grievances and assured the mercnants association and Chamber of Commerce, members present that the farmers would stand solid behind Governor Craig and the Legislature in all legitimate actions to compel railroads to treat North Carolina fairly.

Other addresses were by N. Tate, of High Point, president of the State association; ex-Judge R. C. Strudwick, Secretary J. C. Forreston and Representatives E. J. Justice and T. J. Gold.

A progressive Ohio farmer uses an electric motor to run a fodder cutter and a blower to blow the cut food into a silo.

LITTLETON COMMENCEMENT

Interesting Exercises—Eastern Carolina Methodist College

(Special Star Correspondence.)

Littleton, N. C., June 2.—The closing exercises of Littleton College began this year on Sunday, May 25th, with a sermon by Rev. R. F. Bumpas before the Young Women's Christian Association at the Methodist church to a very large audience from the text, "And They Shall Hunger No More." The sermon was very fine and bore unmistakable marks of the scholar.

The most unique and picturesque feature of the commencement was the Class Day exercises on Monday afternoon. The novel costumes and marching of the students on the campus attracted much attention.

The annual sermon on Monday evening by Rev. Dr. Smoot, of Norfolk, received many favorable comments. Dr. Smoot is a very attractive speaker and easily holds the attention of his audience.

There were present at the commencement quite a number of visitors and among them was Rev. D. H. Tuttle, who a few weeks ago spent some time at Littleton College in the Bible Conference. When he unexpectedly entered the auditorium Monday evening the pupils surprised him and the audience by giving him a great ovation.

The graduation exercises took place Tuesday morning followed by the baccalaureate address delivered by President Few, of Trinity College, who surprised his audience with a free and off-hand address delivered with much ease and grace without the aid of manuscript or notes.

The greatest forward movement ever undertaken by the college was inaugurated by the trustees a few days before commencement. The purpose is to pay the indebtedness of the institution, to raise seventy-five $50 scholarships to assist young women who desire to make preparation for teaching and to enlarge the course in and raise the standard of the department of Pedagogics, placing at the head of this department a strong man with the best modern university equipment and making it the equal of that in any training school of the State. The trustees entered into this movement with great enthusiasm. The local members of the board set the pace by starting out to raise 25 of the 75 scholarships, and in less than 48 hours after the movement was launched, 12 of the 25 subscriptions had been secured. There seems little doubt that the other 13 will be subscribed and subscriptions from the people at large are already coming in.

DROWNING AT MAXTON.

Young Marvin Maness Loses His Life in Mill Pond.

(Special Star Correspondence.)

Maxton, N. C., June 2.—Yesterday afternoon about 5:30, Marvin Maness, a young man, 18 years old, was drowned at McRae's mill pond, a mile and a half south of town.

He in company with several other young men had walked out to the pond to see the improvement work being carried on by J. J. Kincaid, who is developing the power at the old mill site for electric power. On getting there several decided to take a swim after the hot walk, among them being young Maness.

There were several men and boys near by, among them his father, B. T. Maness, but only four were in swimming, Jud H. Dreunan, Bob Waddell, an Ivey boy and Marvin Maness. The others were inspecting the work or making kodak pictures. After they had been in for some time Maness started across the pond formed at the mouth of the old spill-way and either took cramp or became exhausted and sank. His condition was noticed by Mr. Drennan, who called to Waddell to rescue him. Waddell was only a short distance away and soon had him and had started to the bank. In the struggle he was carried under and his hold was broken loose. Waddell was seized with a cramp and was pulled from the water by Mr. Drennan and the Maness boy sank. In a few minutes Waddell was back in the water and diving came up saying that he had found the boy but could not get him loose, he seemingly having a grip on something at the bottom of the stream.

The men nearby came up and one from among them, Mr. Lawrence Carmichael, dived trying to find the body but failed. In the meantime, Charlie Caddell had come up and diving brought him up at the first attempt. He had been under water ten minutes and a hurry call was sent to town for doctors. In about 15 minutes after his body had been brought up Drs. McClelland, Kirkpatrick, Croom and Harriss were on the scene and were using every method at hand trying to revive him, but without avail. After they gave up the body of the unfortunate young man was brought to the home of his father, on McNair street.

The funeral will take place this afternoon, the services being conducted by his pastor, Rev. S. E. Mercer, of the Methodist church.

Young Maness was a fine young fellow and was well liked by all who knew him. He was a member of the graded school, whose exercises closed a week ago and was making plans to enter college this Fall.

The second international congress on the teaching of domestic science and arts will be held at Ghent, Belgium, June 15th-19th, 1913.

A Worker Appreciates This

Wm. Morris, a resident of Florence, Oregon, says: "For the last fourteen years my kidneys and bladder incapacitated me for all work. About eight months ago I began using Foley Kidney Pills, and they have done what other medicines failed to do, and now I am doing and feeling fine, I heartily recommend Foley Kidney Pills." Foley Kidney Pills do not contain habit-forming drugs and are tonic in acting, quick in results. They will help any case of kidney trouble not beyond the reach of medicine.—Robt. R. Bellamy. (advertisement.)

SENIOR CLASS DAY.

Excellent Exercises by Graduating Class at Elon College, N. C.

(Special Star Correspondence.)

Elon College, N. C., May 31.—The 23rd annual commencement exercises of Elon College opened here this evening when the class of 1913 gave its class day programme.

Mr. A. L. Hook, president of the class, presided and welcomed the audience in most fitting terms. The first item was the class poem by Mr. W. S. Wicker, which exhibited the usual viewpoint of such poetic composition and revealed a delicate mastery of the technique of the art.

Miss Nellie Sue Fleming read the class history, delineating the great influence the class has had upon the life and growth and ideals of the college, and also giving the averages from various standpoints of the class, but omitting their average scholarship, "since modesty forbids."

Mr. B. J. Earp made a hit with his class prophecy and Mr. Wicker was again greeted in the class cuts, which were well received.

Miss Janie Lee Beale read the class will, bequeathing to the faculty, to the student body, and various individuals of their bounty.

Mr. A. T. Banks solemnly delivered to Mr. F. F. Myrick, of the Junior class, the mantle of authority in the institution, who received it with equal eloquence and satisfaction.

Mr. C. T. Rand gave, with fitting remarks, a trophy to each of his classmates, which they should carry through life with them as relics of the days spent so happily at Elon.

The remaining members of the class will represent the class by orations or essays on commencement day next Wednesday.

The first day of June was a busy one and also glorious one here, for into it were crowded the baccalaureate sermon at 11:30 A. M. by Dr. Warren Hathaway Denison, pastor of the Christian Memorial Temple, Norfolk, Va., and the baccalaureate address at 8 P. M. by President W. A. Harper of the college.

Both speakers directed their remarks directly to the graduating class and to students, but since youthful problems are always inviting, the audience entered also fully into the spirit of each occasion.

KINSTON NEWS NOTES.

Strawberries From Rose Hill—Manufacturing Relics—Other Items.

(Special Star Correspondence.)

Kinston, N. C., June 2.—The strawberry season so far, even with the greatly reduced crop because of weather handicaps, has proved exceedingly profitable to the growers in the vicinity of Rose Hill. Thirty thousand crates of berries have been shipped from the little town, 12,000 of which went North by express. The average price paid was $3 per crate, and the satisfactory sum of $90,000 has been realized by the growers.

At work with his turning lathe at a Wayne county farm house is W. B. Singleton, engaged in an unusual and very interesting business. Mr. Singleton is turning out at this late time souvenirs of the battle of Bentonville, and equipped with skill and talent he fashions some novel and valuable pieces. He is the owner of many relics of the historic engagement, one of the most valued of which is a Colt revolver of excellent workmanship. The arm is 11 inches long, heavily plated with silver, and containing seven balls in the cylinder. The revolver bears the initials "H. N. B." but if the owner was a Confederate or a Unionist can not be told, as it is engraved with the number or name of no corps. It is in a fair state of preservation after having lain on the field at Bentonville many years. After he has concluded his present task, Mr. Singleton will begin making souvenirs of Seven Pines.

A series of meetings by the Martin-Scolfield evangelists began in the First Baptist church here, of which Rev. C. W. Blanchard is pastor, tonight. A feature of the meetings, which will continue for more than a week, is the music by a picked choir. A congregation that packed the large church heard the first service.

TRINITY COMMENCEMENT

Exercises Began Sunday — President Few's Address—Notes

Trinity College, Durham, N. C., June 2.—The 1913 commencement of Trinity College was formally begun here last night with the baccalaureate address to the graduating class by President William Preston Few. Craven Memorial hall, was, as has been the case in former years, packed to overflowing with people who came out for the address. Practically all of the principal churches of the city called in their evening services in order that their congregations might have an opportunity to hear President Few speak.

The annual meeting of the board of trustees will be held this afternoon at five o'clock, and reports of the work of the year will be presented. Several new professors for the coming year are to be chosen, and other important business is to come before the meeting.

On Tuesday morning at 11 o'clock will come the commencement sermon by Dr. George Peck Eckman, editor of the New York Christian Advocate Following this the alumni dinner will be held in Angier Duke gymnasium, when the address will be made by Dr. C. C. Woods, editor of the St. Louis Christian Advocate. Wednesday morning the commencement address will be made by Hon. Albert Baird Cummins, United States Senator from Iowa. Following this, degrees will be conferred upon fifty-three graduates. The exercises of commencement will close with the grand reception to the graduating class on Wednesday night.

NEGRESS SUSPECT ARRESTED

May Have Been Implicated in Murder of Mary Phagan

Atlanta, Ga., June 2.—Another arrest has been made in connection with the Mary Phagan murder mystery, a negress named Minola McKnight having been taken into custody as a "suspect" late today.

The woman, cook and servant at the house where Leo M. Frank, factory superintendent, indicted for the Phagan girl's murder, formerly lived, is said to have created a scene on a public streeet today, sobbing and exclaiming that she was to be hanged for something she knew nothing about. The police have not disclosed their object in detaining the woman.

Business Locals

Advertisements inserted under this head, One Cent per word for each insertion, but no advertisement taken for less than 25c. Additional words, more than 25, One Cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amounts being too small to warrant a charge. The Star will send without charge, a Western Union Messenger to any address in the city for advertisements in this department upon request by 'Phone to No. 51. A Messenger will also call for telegrams for the Western Union Telegraph Company, or for notes or small packages to be delivered anywhere in the city. No charge for collecting the telegrams, but a small charge for strictly Messenger Service; calls will be made, or telephone subscribers may at any time telephone their telegrams; bills rendered to suit the sender, daily, weekly or monthly. For this service, call "Western Union." But for advertisements, always call the Star Office, No. 51. Copy for Business Locals cannot be taken over the telephone—but upon request Messenger will be dispatched to any part of the city for them.

DAVID'S

IT'S STRANGE, WHEN ONE KNOWS THE FACTS

that so many young men, who want snap and style in their clothes, and who appreciate the economy of quality, cling to the grandfatherly idea of made-to-measure clothes.

Clothes-making has advanced far beyond that stage; ready clothes like

Hart Schaffner & Marx

are better than the average made-to-measure; at $25, for example, you'll find these suits, with fabrics, tailoring, style, and fit such as your made-to-measure at fifty per cent. higher price doesn't equal. As for the very cheap "made-to-measure," it's not to be compared.

THE A. DAVID COMPANY

This store is the home of Hart Schaffner & Marx clothes. Manhattan Shirts.

TO CONSUMERS

If you want White, Nutritious Flour, that will make Bread and Biscuit to please you every day and Sunday, too, ask Your Grocer for

And if he hasn't got it, Insist Upon his Getting It for you.

J. W. BROOKS

Wholesale Distributor. Wilmington, N. C.

Your Vacation Assured

You must plan ahead if you are to take a vacation this Summer. Else when the time comes, you won't have the funds.

We invite you to start a Vacation Fund with this bank. You are at liberty to draw out your money whenever you need it.

It is high time you began to save for the vacation which is coming later in life—old age. A bank account added to from time to time will insure a happy vacation in later life when your work is over and you are ready to rest.

The sooner you begin, the quicker you'll be able to retire and the further away from helplessness. Small accounts will receive careful attention.

A New Interest Quarter Begins June 2nd.
